Re: Office of Citizen Complaints 2008 First Quarter Statistical Report

## INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 1st quarter of 2008. The OCC had a very productive quarter; opening more cases this quarter than in the first quarters the previous two years.

## ORGANIZATIONAL CHANGES

This quarter represents the first full quarter under my leadership. When I joined the staff on November 26, 2007, I shared with staff my vision of leading the best civilian oversight agency in the United States with continued dedication to its core mission of investigating civilian complaints in a fair, unbiased and timely manner. To achieve that goal of best in class, I emphasized the need for excellent case management and professional staff management. We began staff management initiatives during this first quarter by holding weekly management team meetings and initiating a performance planning and appraisal process for staff. Plans for the second quarter will include a series of staff retreats, training, strategic planning for case management and filling key staff vacancies as the budget permits.

## INVESTIGATION OF CASES

As of the end of the first quarter of 2008, the agency opened 257 new cases, and closed 270 cases. Both the number of new cases, as well as the number of cases closed, is higher than that at the end of the first quarter of 2005 or 2006. During the first quarter, the OCC closed 13 more cases than it opened, and we continue to reduce the backlog of old cases that had built up over the past few years. At the beginning of the first quarter of 2008, there were 53 pending cases from 2005 and 2006. By the end of the first quarter, the investigators had cut the 2005 and 2006 backlog in half to 27 cases.

Staff has demonstrated its commitment to the OCC's mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty, especially given the staffing issues faced by the agency. Currently, the agency is staffed with only 13 investigators, one less than were on staff when the

Controller's Office, after studying comparable caseloads at other agencies, observed that OCC investigators had a far higher caseload than investigators in comparable agencies. The OCC has 18 budgeted investigator positions; however, four investigator positions must remain unfilled pending City budget decisions. In addition, during this first quarter, the OCC experienced the resignation of one investigator and two experienced trial attorneys. The former lead trial attorney, Jean Field, was a ten-year OCC employee and served as the OCC Interim Director for ten months until my arrival. Ms. Field provided immeasurable contributions to this agency during her tenure and particularly while she was the interim director.

In this same quarter, three exceptionally well-qualified individuals with over 15 years each in their respective fields, filled three vacancies. Beth Berland, a public safety dispatcher for 25 years including 7 years as a dispatch supervisor, has filled an investigator position. Ines Fraenkel, an experienced civil trial attorney with an expertise in labor and employment law and police practices, has filled the lead trial attorney position. Cecily Gray, an experienced public defender with a record of 28 felony jury trials and 10 misdemeanor trials, has filled the second trial attorney position.

While the agency has continued closing cases at an accelerated rate, the insufficient staffing has had a negative impact on the time it takes to investigate a case to completion, and potentially on the rate of sustained findings of misconduct. For example, while 65 percent of OCC cases closed in the third quarter were investigated within six months, over half of the 7 cases sustained in that quarter took more than nine months to investigate and two of those exceeded a year. The rate of sustained cases, too, is down overall. In the first quarter of 2008, 3% of cases were sustained, which is significantly lower than the agency's historical average, which hovers from eight to ten percent. In 2007 and in 2006 the first quarter sustain rate was 8%. Heavy investigator caseload – the unavoidable result of insufficient staffing and investigator attrition – may negatively impact the rate of sustained findings.

#### **STATUS OF CURRENT OCC CASES – THE 'KEANE' REPORT**

By the end of the first quarter of 2008 staff had closed 74% of the cases received in 2007, 22% of the cases were pending and intake was in process for 4% of the cases. In comparison, by the end of the first quarter of 2007 staff had closed 75% of the cases received in 2006, 24% of cases were pending and intake was in process for 1% of the cases. While there has been an increase in the intake period for 2007 cases over 2006 cases, the investigators grappled with a far greater caseload in 2007 than in 2006 and still closed 709 of their 2007 cases by the end of this quarter as compared to 612 of their 2006 cases by the end of the first quarter in 2007. The investigators succeeded in accelerating their case closures although there were 15% fewer investigators in 2008 than in 2007.

#### **MEDIATION**

The OCC has made significant progress in increasing the numbers of cases mediated. Under the leadership of the agency's Mediation Coordinator, and the efforts of a

dedicated panel of talented pro bono mediators, the agency mediated 17 cases in the first quarter of 2008, an increase of nine over the same period of 2007. All of these cases were successfully mediated, meaning that both complainants and officers were able to voice their concerns and have a frank discussion regarding the complaint. The mediation program serves to educate officers and complainants alike, and the OCC will continue to promote the program to the community. During the first quarter, the Mediation Coordinator attended several conferences and meetings to promote the program among mediators and community members. As a result of this community education, in May, the Mediation Coordinator will offer an orientation session for new volunteer applicants, enlarging our pool of mediators to increase our mediation efforts.

### OUTREACH

Through our policy work on juvenile justice and language access issues, the OCC has continued to work in cooperation with representatives of numerous legal and community groups, such as the Asian Law Caucus, La Raza Legal Central, Youth Law Center, Asian Pacific Islander Legal Outreach, Chinese for Affirmative Action and Lawyers Committee for Civil Rights, to name a few. In addition to its work investigating complaints, the OCC continued its efforts to inform members of the Department and community about the OCC's services and procedures. OCC representatives made presentations to San Francisco Police Academy recruits at the beginning and end of their training. In addition, OCC representatives staffed tables or made presentations at the San Francisco Police Department monthly meetings held in the Ingleside, Bayview, and Richmond Districts, the Transgender Health Fair, the Immigrant Forum, three Community Youth Centers, the Alternative Dispute Resolution of Northern California Annual Conference, Community Boards mediation training and the Vietnamese Tet Festival.

### CONCLUSION

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty; however, the impact of insufficient staffing may be contributing to the agency's declining sustain rate. We will continue to focus on staff management and strategic case management.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Members, the San Francisco Board of Supervisors  
Members, the San Francisco Police Commission  
San Francisco Police Chief Heather Fong

Re: Office of Citizen Complaints 2008 Second Quarter Statistical Report

## INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2008 second quarter. The OCC had a very productive quarter; opening more cases this quarter, than the first quarter of 2008 and more than in the second quarters the previous two years.

## ORGANIZATIONAL CHANGES

This quarter represents the second full quarter under my leadership. This second quarter we held an all staff facilitated retreat and an extended management team facilitated work session. We also began strategic planning for case management and began the hiring process for filling key staff vacancies. We also adopted performance plans for the investigators.

## BUDGET

On June 2, 2008, Mayor Gavin Newsom released the proposed 2008/09 City and County of San Francisco budget that included a budget increase for the Office of Citizen Complaints. The proposed \$4,229,167 budget represented a 7% increase over the 2007/2008 \$3,944,726 budget. This modest \$284, 441 increase provided the following:

- Annualized a .25 8124 Investigator position to a 1.0 full time equivalent
- Annualized a .75 Senior Clerk typist position to a 1.0 full time equivalent
- Added an 8126 Senior Investigator position mid-cycle
- Added a 1450 Executive Secretary position mid-cycle
- Added a 1426 Senior Clerk Typist position, mid-cycle

### **INVESTIGATION OF CASES**

As of the end of the second quarter of 2008, the agency opened 537 new cases, and closed 572 cases. Both the number of new cases, as well as the number of cases closed, is higher than that at the end of previous second quarters in 2006 and 2007. During this quarter, the OCC closed 18 more cases than it opened, and we continued to reduce the backlog of old cases that had built up over the past few years. At the beginning of this second quarter, there were 4 pending cases from 2005 and 20 pending cases from 2006. By the end of the second quarter, the investigators had eliminated the 2005 backlog and reduced the 2006 backlog to one case.

Staff has demonstrated its commitment to the OCC's mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty, despite the staffing issues faced by the agency. During this reporting period, the agency was staffed with only 13 investigators. This constitutes one less in number than were on staff when the Controller's Office reported that, after studying comparable caseloads at other agencies, OCC investigators had a far higher caseload than investigators in comparable agencies. With the release of the Mayor's proposed budget, the OCC began the hiring process to fill four vacant investigator positions that remained unfilled pending the budget release. Once these four vacancies, plus two additional vacancies, are filled, the OCC will be at its full complement of 18 budgeted investigator positions.

While the agency has continued closing cases at an accelerated rate, insufficient staffing has had a negative impact on the time it takes to investigate a case to completion, and potentially on the rate of sustained misconduct findings. For example, while 62% of OCC cases closed in the second quarter were investigated within six months, 80% of the 15 cases sustained in the second quarter took more than nine months to investigate and two of those exceeded a year. The rate of sustained cases, too, was down overall. In the first quarter of 2008, 3% of cases were sustained, which is significantly lower than the agency's historical average, which hovers between eight and ten percent. The sustain rate rose somewhat in the second quarter to 5%, for an overall six month sustain rate of 4%. In 2007 the six month sustain rate was 5% and in 2006 it was 7%. One theory is that heavy investigator caseload – the unavoidable result of insufficient staffing and investigator attrition – may negatively impact the rate of sustained findings.

### **STATUS OF CURRENT OCC CASES – THE 'KEANE' REPORT**

By the end of the 2008 second quarter, staff had completed intake on all 2007 cases, and closed 87% of these, leaving 13% of the cases pending. In comparison, by the end of the 2007 second quarter, staff had also completed intake on all 2007 cases, and closed 85% of these, leaving 15% of the cases pending. Through closer case management, staff has significantly reduced the number of cases in intake over the same period last year.

On June 30, 2008, only 5% of 2008 cases were in intake, while on June 28, 2007, 17% of 2007 cases were still in intake.

### **MEDIATION**

The OCC has made significant progress in increasing the number of cases mediated. Under the leadership of the agency's Mediation Coordinator, and the efforts of a dedicated panel of talented pro bono mediators, the agency mediated 16 cases in the second quarter of 2008, an increase of six over the same period of 2007. All of these cases were successfully mediated, meaning that both complainants and officers were able to voice their concerns and have a frank discussion regarding the complaint. The mediation program serves to educate officers and complainants alike, and the OCC will continue to promote the program to the community. During this second quarter, in May, the Mediation Coordinator offered an orientation session for 17 new volunteer applicants, which enlarged our pool of mediators and will enable us to increase our mediation efforts. Additionally, in June, the Mediation Coordinator conducted recruitment at a Community Boards training. As a result of her recruitment efforts we have received six new volunteer mediator applications.

### **OUTREACH**

Through our policy work on juvenile justice and language access issues, the OCC has continued to work in cooperation with representatives of numerous legal and community groups, including the Asian Law Caucus, La Raza Legal Central, Youth Law Center, Asian Pacific Islander Legal Outreach, Chinese for Affirmative Action and Lawyers Committee for Civil Rights, to name a few. In May, two Chinese newspapers and a Spanish television network interviewed our Policy Analyst regarding our work on the language access Department General Order.

In addition to its work investigating complaints, the OCC continued its efforts to inform members of the Police Department and community about OCC services and procedures. OCC representatives made presentations to San Francisco Police Academy recruits at the beginning and end of their Academy training. In addition, OCC representatives made presentations at Police Commission community meetings held in the Ingleside and Central Districts. OCC representatives also staffed tables or made presentations at the Asian Heritage Festival, the San Francisco Public Defenders Juvenile Justice Summit, the Immigrants Rights Commission meeting, Chinese for Affirmative Action Celebration of Justice, and Community Boards mediation training.

This quarter, our agency distributed materials in multiple languages to Community United Against Violence, the Asian Law Caucus, the Ella Hill Hutch Community Center, the Public Defender's Office, the District Attorney's Office, the Mayor's Office on Adult and Aging, the Human Rights Commission, the Mayor's Office of Neighborhood Services, the ACCESS Center, 27 branch libraries, the San Francisco Law Library, La Raza Centro

Legal, the Bernal Heights Neighborhood Center, Arriba Juntos, the Sunset Beacon Center, Chinese for Affirmative Action, the African Immigrant Resource Center, and the Asian Pacific Islander Youth Advocacy Network. Finally, during this quarter, representatives from OCC met with foreign dignitaries at the International House at UC Berkeley, the Russian Consulate (Climate of Trust Organization) in San Francisco and with State Department hosted international delegations at the Office of Citizen Complaints. We also visited the Civilian Complaint Review Board offices in New York City.

### **POLICY ANALYSIS**

During the second quarter of 2008 the agency's policy work has been focused primarily in three areas. These are: 1) Community Outreach Strategic Plan 2) Police Interactions with Juveniles and 3) Language Access.

First, the OCC developed a 2008 Community Outreach Strategic Plan this quarter. This plan outlines outreach goals in the areas of community presentations and partnerships, language access, training, website development, media relations, and program effectiveness and resources. By using a community-based approach that relies upon presentations, widely distributed written materials in multiple languages, and the OCC website, the OCC's Outreach Strategic Plan provides a roadmap for strengthening its relationships with communities historically and statistically likely to have encounters with the police and for reaching communities that have been racially, culturally or linguistically isolated from police services. The OCC presented the Outreach Strategic Plan to the Police Commission on April 23, 2008. Despite significant staffing shortages, the OCC has been implementing this ambitious outreach strategy.

Second, in collaboration with juvenile justice advocacy groups, city agencies, commissions and the Police Department, the OCC proposed extensive revisions to Department General Order 7.01, a protocol for police interactions with juveniles. Adopted by the Police Commission on May 7, 2008, this newly revised Department General Order significantly increases protections to juveniles by permitting parents to be present during interrogations, mandating the tape recording of all juvenile interrogations, notifying parents when juveniles are detained, and requiring that juveniles be brought to juvenile-centered facilities such as the Community Assessment and Referral Center (CARC) and the Juvenile Justice Center instead of district stations where juveniles are exposed to adult lock-up facilities and adult suspects.

Finally, as part of its policy work to develop police training and public education materials on Department General Order 5.20 (Language Access Services for Limited English Proficient (LEP) Persons), the OCC developed a brochure to inform the public of the availability of bilingual officers, interpreters and translated materials under the Police Department's new general order, in conjunction with representatives from several community organizations. By June 26, 2008, over 20 community groups, city agencies and commissions had reviewed and endorsed this brochure. The Police Department is currently reviewing it. In the upcoming quarter, the OCC and language access advocacy groups will

continue meeting with the Police Department to discuss the translation, publishing and distribution of this brochure.

### CONCLUSION

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty. We look forward to filling staff vacancies so we can effectively carry out our mission. We will continue to focus on staff management and strategic case management.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2008 Third Quarter Statistical Report

## INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2008 third quarter. The OCC had a very productive quarter; while opening fewer cases this quarter, than the previous two quarters of 2008, we still opened more cases in this quarter than in the third quarters of the two previous years. We also closed more cases than we opened this quarter.

## ORGANIZATIONAL CHANGES

This quarter represents the third full quarter under my leadership. Filling six vacant investigator positions was the highlight of this quarter. After conducting a nationwide search, I appointed Charles Gallman, a twenty-year OCC investigator to the Chief Investigator position. We also filled five of the six vacant line investigator (8124) positions. Collectively, the newly hired line investigators bring more than 50 years of law enforcement and social welfare investigation experience. In the second quarter we adopted performance plans for the investigators and in the third quarter we adopted performance plans for the remaining OCC employees and the new hires.

During the third quarter, the Office Training Committee developed and implemented a comprehensive training program for the new hires that included presentations from in-house and San Francisco Police Department subject matter experts and the San Francisco Sheriff's Department and tours of Northern Station, the Police Academy, the Hall of Justice, the Airport Bureau and the County Jail. Representatives from the Police Department's Narcotics Detail, Vice Crimes and Legal Divisions also provided orientations. Additionally, representatives from the Department of Emergency Management and Emergency Operations Office conducted training.

### INVESTIGATION OF CASES

As of the end of the 2008 third quarter, the OCC opened 774 new cases, and closed 843 cases. Both the number of new cases, as well as the number of cases closed, is higher than that at the end of previous third quarters in 2006 and 2007. During this quarter, the OCC closed 35 more cases than it opened, and we eliminated the backlog of old cases that had built up over the past few years. At the beginning of this third quarter, there were no pending cases from 2005, and one pending case from 2006. By the end of this quarter there were no pending cases from 2006 and only 36 pending cases from 2007.

Staff continued to demonstrate its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and in an unbiased manner, despite staffing issues faced by the OCC. During this reporting period, the OCC was staffed with only 12 veteran investigators. This constitutes two less in number than were on staff when the Controller's Office reported that, after studying comparable caseloads at other agencies, OCC investigators had a far higher caseload than investigators in comparable agencies. During this third quarter, the five newly hired investigators were in training. They were not assigned cases until after five weeks of training and even then, their caseload was minimal.

While the OCC has continued closing cases at an accelerated rate, insufficient staffing continued to have a negative impact on the time it takes to investigate a case to completion, and potentially on the rate of sustained misconduct findings. For example, while 55% of OCC cases closed in the third quarter were investigated within six months, 83% of the 7 cases sustained in the third quarter took more than nine months to investigate and two of those exceeded a year.

The rate of sustained cases continued, also, to be down overall. In the first quarter of 2008, 3% of cases were sustained, which is significantly lower than the OCC's historical average of between eight and ten percent. The sustain rate rose somewhat in the second quarter to 5%, for an overall six month sustain rate of 4%. The sustain rate dipped again in the third quarter to 2% for an overall nine month sustain rate of 3%. In 2007 the nine month sustain rate was 6% and in 2006 it was 7%. One theory is that heavy investigator caseload – the unavoidable result of insufficient staffing and investigator attrition – may negatively impact the rate of sustained findings. Adding to the low sustain rate could be the high number of claims and litigation cases that were closed as no finding or withdrawn. Also, more cases are being mediated which could also impact the sustain rate. Finally officer training may also be a factor in the lower sustain rate.

### **STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2008 second quarter, staff had completed intake on all 2007 cases, and by the end of the 2008 third quarter, closed 96% of these, leaving 4% of the cases pending. In comparison, by the end of the 2007 second quarter, staff had also completed intake on all 2006 cases, and by the end of the 2007 third quarter closed 92% of these, leaving 8% of the cases pending. Through closer case management, staff has significantly reduced the number of cases in intake over the same period last year. On September 30, 2008, only 4% of 2008 cases were in intake, while on September 30, 2007, 12% of 2007 cases were still in intake.

### **CASE MANAGEMENT**

The investigator caseload as of September 30, 2008 shows a better balance than the same period in 2007. The average caseload as of September 30, 2008 was 27 cases per investigator. Only one investigator had 40 cases and only three additional investigators' caseloads exceeded 30 cases. As of October 2, 2007, the average caseload was 27 cases, yet one investigator had a caseload of 50 cases and another, 60. Two additional investigators' caseloads exceeded 30 cases. The Senior Investigators have taken a more active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

### **MEDIATION**

This quarter the OCC continued to make significant progress in increasing the numbers of cases mediated. Under the leadership of the OCC's Mediation Coordinator, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 20 cases in the third quarter of 2008, an increase of 66% over the same period in 2007. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

In order to measure the effectiveness of the program, participants are given an exit survey at the end of the mediation. The survey is voluntary and anonymous.

Responses received for the period of January through September 2008, indicate the following:

- Rating of participant's experience with the mediation process –
  - 38% - very satisfied
  - 59% - satisfied
  - 3% - dissatisfied.

- Whether the mediation location provided a safe environment to freely express concerns and issues –
  - 97% - yes
  - 3% - no
- Percentage of mediation participants who felt that they had the opportunity to be heard and express their thoughts –
  - 100%
- Percentage of participants who felt that the other party fully participated in the mediation –
  - 90% - yes
  - 10% - no
- Percentage of participants who felt that the mediators accurately identified and addressed the core issue of the complainant –
  - 96% - yes
  - 4% - no
- Percentage of participants that felt that the complaint was totally resolved at the mediation –
  - Totally resolved - 54%
  - Partially resolved - 41%
  - Not resolved at all - 5%

During the next quarter, the OCC plans to make a presentation to the Police Commission about its mediation program.

### **OUTREACH**

This quarter, the OCC has continued its efforts to inform members of the community and the Police Department about OCC services and procedures. OCC representatives made presentations to San Francisco Police Academy recruits at the beginning and end of their Academy training. In addition, the OCC made presentations at Police Commission community meetings in the Mission and Taraval Districts. OCC representatives also staffed tables, made presentations and attended events at the Community Youth Center, the Juvenile Justice Providers Association, Community Boards, and at Northern, Ingleside, Mission, Bayview and Tenderloin Stations during National Night Out.

This quarter our agency distributed materials in multiple languages to the Idriss Stelley Action Resource Center, SF Adult Probation, the North Beach Citizens-Neighborhood Homeless Service, the District Attorney's Office, the Mayor's Office of Aging and Adult Services, the Human Rights Commission, the Immigrant Rights Commission, the Mayor's Office of Neighborhood Services, the ACCESS Self-Help Legal Center, the San Francisco Law Libraries, the Asian Law Caucus, the Ella Hill Hutch Community Center, the Public Defender's Office, and the Bayview/Hunters Point Family Resource Center.

### **POLICY ANALYSIS**

During the third quarter of 2008, staff attorney and policy analyst Samara Marion began a one-year leave of absence at the end of August 2008. Beginning in September 2008, Ms. Marion's position was filled by temporary staff attorney and policy analyst Ellise Nicholson. During this quarter, the OCC's policy work has been focused primarily in two areas: 1) language access (DGO 5.20) and 2) police interactions with juveniles (DGO 7.01).

In the first focus area, Ms. Marion wrote an article entitled "Breaking Down Language Barriers" that was published by the National Association for Civilian Oversight of Law Enforcement. The article discusses the OCC's collaborative work with community organizations, city agencies, commissions and the San Francisco Police Department to implement a language access protocol. Additionally, the OCC continued working with language access advocacy groups and the Police Department on implementation of the Department's new language access policy, including finalizing a brochure that informs the public of the availability of bilingual officers, interpreters and translated materials under the policy. In the upcoming quarter, the OCC will continue to meet with community groups and SFPD to translate and distribute this brochure.

The OCC and SFPD also finalized the scripts and began filming for a Police Academy training video on the new language access policy in collaboration with community members and the Police Department. The training video focuses on a traffic stop, a neighbor dispute, and the reporting of a car burglary involving a Limited English Proficient (LEP) individual. The video demonstrates how language barriers can have negative consequences for both officers and LEP persons. It instructs that the best method of providing language assistance is to have a bilingual officer speak directly with a LEP person; civilian and phone interpreters are appropriate when a bilingual officer is not available.

In the second focus area, the OCC followed up with the Police Commission's adopted revisions to Department General Order 7.01 and organized meetings with

SFPD and juvenile justice advocates outlining a strategy for training and public education. The OCC also developed a guide for youth that highlights key SFPD policies and procedures relating to juveniles, including information about *Miranda* warnings, parental notifications, arrests, interrogations, and custodial detentions. It did so in conjunction with community organizations as part of its policy work to develop public education materials on key revisions to DGO 7.01. The Police Department is currently reviewing the draft guide. In the upcoming quarter, the OCC and juvenile justice advocacy groups will continue meeting with the Police Department to discuss the translation, publication and distribution of this guide for youth as well as the internal training and external outreach on this newly revised DGO.

In addition, during this quarter, attorney Ellise Nicholson began discussions with the Department regarding developing written guidelines and training for a crowd control policy specifically tailored to juvenile populations in school settings. Discussions included a second recommendation that the Department work with the San Francisco Unified School District (SFUSD) to develop a comprehensive response plan to school incidents. The OCC's focus stems from a police response to a non-weapon altercation at Thurgood Marshall High School on October 11, 2002. In the upcoming quarter, the OCC anticipates continuing to work with the Department and SFUSD on these recommendations, and will report on our progress in the next quarterly report.

### CONCLUSION

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty. We will continue to focus on staff management and strategic case management.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2009 First Quarter Statistical Report

**I. INTRODUCTION**

Enclosed is the Office of Citizen Complaint's statistical report for the first quarter of 2009. The OCC had a very productive quarter, closing more cases than it opened. The OCC received 246 complaints of police misconduct or failure to take action and closed 258 complaints this first quarter.

**II. ORGANIZATIONAL AND BUDGET MATTERS**

In the first quarter of 2009 the OCC also experienced a period of organizational stability. This was the first quarter of the past five quarters where all positions were filled and there were no new hires or resignations. The statistics set forth below prove the theory that a lower caseload results in greater productivity and fewer delays.

While 2008 represented a staff growth year for the OCC, the first quarter of 2009 represented a period of staff contraction consistent with the world economy. Effective February 1, 2009, the OCC, with the consent of the Police Commission deleted three vacant positions from its budget; a line investigator, a senior investigator and a senior clerk typist. (Police Commission Resolution number 7-09, dated January 22, 2009.) These positions had been added to the OCC's 2008/2009 budget but in response to the growing City and County budget deficit they were never filled.

On February 20, 2009, in compliance with City budget directives, the OCC submitted its proposed budget to the Mayor and Controller with a total of 25% in budget reductions which included a filled line investigator and a filled attorney position. The OCC stressed that the reduction of the line investigator position would cause increased caseloads, which could lead to lower productivity and more delays.

The OCC also stressed that the reduction of an attorney position would require the consolidation of the policy analysis work with the mediation and outreach work and would result in less effectiveness and greater delays in all three programs. Although on February 18, 2009, pursuant to Resolution number 17-09, the Police Commission authorized the OCC to submit its budget, it did so without recommendation because of the mandated budget reductions and the harm the reduction of the attorney position would cause to the OCC's burgeoning mediation program.

In addition to its other routine reports, on March 18, 2009, the OCC delivered its 2008 annual report and a report on the mediation program. During this first quarter, the OCC created a more user friendly website which can be found at [www.sfgov.org/occ](http://www.sfgov.org/occ). The homepage now contains sections on news, programs, the OCC's mission, and links to the Police Commission's and Police Department's websites.

In the first quarter of 2009, the Information Systems Business Analyst enhanced the OCC database by creating an investigator case browser for line investigators which creates reports that include, among other things, case summaries, case age, data entry deficiencies and other investigators' progress on their cases.

Finally, the City Services Audit Division of the San Francisco Controller's Office contacted the OCC during the first quarter of 2009 to begin a compliance audit of the 41 recommendations it made to the OCC in its January 24, 2007 audit of the OCC.

### III. INVESTIGATION OF CASES

As mentioned earlier in this report, by the end of the first quarter of 2009, the OCC had opened 246 new cases and closed 258 cases. Thus, during this quarter, the OCC closed 12 more cases than it opened. The OCC closed the quarter with 380 pending cases which is a significant reduction; 79 less pending cases than the number of pending cases at the close of the first quarter of 2008. By the end of the first quarter of 2009, there were 186 pending cases from 2008 and 194 pending cases from 2009.

Staff demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and in an unbiased manner, with a reenergized effort. This effort is largely attributable to two factors; 1) a nearly 50% line investigator increase from 12 to 17 filled positions and 2) the continued dedication of the veteran investigators. Of the 246 cases the OCC closed, 87% of them were closed within nine months and only 2% of them (2 cases) took more than a year to close. This is an exceptional improvement compared to the

first quarter of 2008 where only 76% of the cases were closed within nine months and 14% of the cases took more than a year to close.

In the first quarter of 2009, the delay in one of the two cases closed later than 365 days after receipt was caused by the time it took for the San Francisco Police Department to provide the OCC with the final homicide files in an officer involved shooting. These files were received 385 days after the initial filing of the complaint. The case was closed with a proper conduct finding. The second case involved three separate incidents, none of which resulted in sustained findings and in fact resulted in proper conduct findings in some of the allegations.

The rate of sustained cases also increased. In the first quarter of 2009, four percent of the cases were sustained; although this is still significantly lower than the OCC's historical average of nine percent, yet is also higher than the three percent of cases sustained at the end of the first quarter of 2008. Additionally, the days to close sustained cases were significantly reduced for the first quarter of 2009. In this first quarter, 54% of sustained cases were completed within nine months and no sustained cases were completed more than 365 days after receipt, while during the same period in 2008, only 42% of the sustained cases were completed within nine months and 29% of them were completed more than 365 days after receipt. Of note is that for most of 2008, OCC investigators were operating with only twelve fully trained investigators, while by the end of the first quarter of 2009, the OCC had seventeen trained investigators.

The sustained allegations in four of the eleven complaints sustained in the first quarter of 2009 (over one third) are troubling because the allegations were sustained for neglect of duty when an officer either failed to complete the E585 worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer as required by department regulations.<sup>1</sup> Dr. Lorie Fridell in her 2007 study on fair and impartial policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.<sup>2</sup>

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the first quarter of 2009, staff had completed intake on all 2008 cases and had closed 82% of these, leaving only 18% of the 2008 cases pending. In

<sup>2</sup> Lorie Fridell, PhD, (March 2007) Fair and Impartial Policing: Recommendations for the City and Police Department of San Francisco, p. 73.

comparison, by the end of the first quarter of 2008, staff had not completed intake on 4% of 2007 cases, and had closed only 74% of these, leaving 22% of the 2007 cases pending. Through closer case management, staff has significantly reduced the number of cases in intake over the same period last year.

#### **V. CASE MANAGEMENT**

The investigator caseload as of March 31, 2009 shows a better balance than the same period in 2008. The average caseload as of March 31, 2009 was 20 cases per investigator. As of March 31, 2008, the average caseload was 36 cases, yet one investigator had a caseload of 65 cases and another, 53. The Chief Investigator, Charles Gallman, and the Senior Investigators have taken a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases. Additionally, as previously mentioned, the line investigator staff has increased from 12 investigators to 17 investigators.

#### **VI. MEDIATION**

The OCC continued to make significant progress in mediating a significant number of cases during the first quarter of 2009. Under the leadership of the OCC's Mediation Coordinator, Donna Salazar, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 16 cases in the first quarter of 2009. In the first quarter of 2008, the OCC mediated 17 which was an increase of nine over the same period of 2007. During this quarter, the Mediation and Outreach Coordinator also attended the Alternative Dispute Resolution of Northern California conference and Community Boards mediation training. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, and also serves as an educational experience for all participants.

#### **VII. OUTREACH**

During the first quarter of 2009, the OCC was engaged in the following outreach activities:

The Chief Investigator made presentations to three recruit academies at the San Francisco Police Department. Staff also gave "Know Your Rights" presentations to two groups of young people at the Bernal Heights Neighborhood Center and to the staff of the Community Assessment and Referral Center. Additionally, OCC staff made a presentation about its services during the Police Commission meeting held in the Tenderloin neighborhood in January.

During this quarter, the OCC also gave informational presentations to visiting law enforcement representatives from the United Kingdom, Jamaica, and Russia, who were interested in the agency's policies and procedures and its mediation program. The OCC also staffed informational tables at the Operation Homeless Connect event and the Family Summer Resource Fair hosted by the City's Department of Children, Youth and Families.

During the March 18, 2009 Police Commission meeting, the OCC conducted extensive outreach to staff and members of the Tenderloin Housing Clinic, La Voz Latina, and to members of the community. This opportunity arose when a number of persons attended the Police Commission meeting and complained of police conduct during the public comment portion of the meeting. That evening, the OCC's Chief Trial Attorney, Ines Vargas Fraenkel, was also interviewed by ALIANZA Metropolitan News Service and recorded a public service announcement in Spanish for radio broadcast to the Spanish speaking community regarding services offered by the OCC.

#### **VIII. POLICY ANALYSIS**

During the first quarter of 2009, the OCC's policy analyst, Ellise Nicholson, primarily focused the agency's policy work on four areas:

1. Development of the **2009 Community Outreach Strategic Plan**, which highlights the progress made by the OCC in implementing its 2008 Outreach Strategic Plan goals and outlines goals for the 2009 calendar year. Work on this plan is in progress and will be completed during the second quarter of 2009, at which time it will be presented to the Police Commission.
2. Development of **police training and public education materials on Department General Order 5.20** (Language Access Services for Limited English Proficient (LEP) Persons), to ensure full implementation of the Department General Order (DGO). In conjunction with representatives from several community organizations, the OCC finalized a brochure which informs the public of the availability of bilingual officers and interpreters. The parties worked on translation of materials under the new general order, as well on the development and filming of an SFPD training video for officers. This quarter, OCC and SFPD jointly presented a yearly report to the Commission regarding implementation of the DGO. In the upcoming quarter, the OCC and language access advocacy groups will continue meeting with the Police Department to ensure community outreach, distribution of the brochure, and finalization of the SFPD training video.

3. Implementation efforts regarding **Department General Order 7.01** (Police Interaction with Juveniles). In collaboration with juvenile justice advocacy groups, city agencies, commissions and the Police Department, the OCC continued its work on implementing Department General Order 7.01. The OCC, community representatives, and Police Department personnel worked together to resolve the Department's concerns about certain aspects of the DGO, including finding alternative locations where juveniles can be transported. The OCC also assisted in drafting a Guide for Youth brochure as well as a Department bulletin and Reference Guide for officers. In the upcoming quarter, the OCC and community groups will continue working with the Police Department to ensure full implementation of the DGO.

4. Presentation of new **Department General Order 8.12** (In-Custody Deaths). This quarter, the OCC and the Police Department completed work on the new Department General Order 8.12 related to In-Custody Deaths, and prepared it for presentation to the Police Commission at its meeting of April 1, 2009. The OCC has advocated that in-custody deaths be subject to the identical investigation, review and reporting procedure that the Police Commission adopted for officer-involved shootings and discharges since 2004. The OCC considers its completion of work with the Department and the presentation of General Order 8.12 to the Commission for adoption a true accomplishment for the OCC, as it has taken much prolonged discussion and persistence on OCC's part to reach this stage.

## IX. CONCLUSION

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty. The first quarter data reflects the OCC's capabilities when it is adequately staffed. The OCC will continue to engage in strategic case management and during the second quarter will memorialize its practices and procedures in a manual for investigators.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2009 Second Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2009 second quarter. The OCC had a very productive first six months of 2009, opening 512 complaints and closing the same number of complaints. In the second quarter of 2009 OCC received 266 complaints of police misconduct or failure to take action and it closed 257 complaints. The OCC had 392 pending cases as of the end of the second quarter. The number of pending cases at the end of the 2009 second quarter was lower than the number of pending cases of the second quarters of the previous two years.

## II. ORGANIZATIONAL AND BUDGET MATTERS

During the second quarter of 2009, the OCC experienced a period of organizational stability similar to the first quarter of the year. However, during the second quarter, a trial attorney resigned. The statistics set forth below continue to bear out the premise that a lower caseload results in greater productivity and fewer delays.

During this second quarter, the Mayor submitted his budget to the Board of Supervisors which proposed reductions of the following three vacant OCC positions: a senior clerk typist, a line investigator and a senior investigator. These reductions were anticipated since they were deleted from OCC's budget effective February 1, 2009 in anticipation of a required 25% budget reduction for all City departments for fiscal year 2009-10. What was unanticipated and greatly appreciated was that the Mayor did not require the OCC to delete two filled positions which had been identified to satisfy the 25% budget reduction, an attorney and a line investigator position. Consequently, as submitted, the proposed 2009-2010 budget will not require any OCC layoffs and the OCC will retain 35 positions.

In the second quarter of 2009, the Information System Business Analyst, Chris Wisniewski, created a time study application in the database for use by the investigators. The investigators will participate in a time study during the third quarter to determine how their time is spent in the conduct of investigations. The Chief Investigator and the Senior Investigators will test the system prior to its rollout to the line investigators. This time study was recommended by the Controller's Audit division in its 2007 audit of OCC operations. In addition, Mr. Wisniewski began researching the process for online complaint filing and providing for the online filing of complaints in languages other than English.

During the second quarter, the investigative and legal staff worked to memorialize the OCC investigation practices and procedures in an investigation manual. While completion was projected for the end of the second quarter, the vacancy of one of the two trial attorney positions delayed completion to the third quarter. During the second quarter, investigative staff worked to formalize its training program that was implemented in 2008. This formalized program and a strategic plan for training is anticipated to be completed the third quarter of 2009.

In June, four of OCC's newest investigators attended a POST certified one week long training on interview and interrogation techniques. The training was conducted by the Behavioral Analysis and Training Institute. In May, the OCC Executive Director attended a three day seminar conducted by Dr. Lorie Fridell on Racially Biased Policing. The seminar was hosted by the Palo Alto Police Department and attended by members of that department as well as police department representatives from East Palo Alto, San Jose and San Francisco. Attending also was a representative from the Department of Justice and community members from Palo Alto and East Palo Alto.

### III. INVESTIGATION OF CASES

As of the end of the 2009 second quarter, the OCC opened 512 new cases and closed 512 cases. The OCC closed the quarter with 392 pending cases which is 40 less than the close of the second quarter in 2008. By the end of the 2009 second quarter there were 75 pending cases from 2008 and 317 pending cases from 2009. The OCC is no longer plagued with a backlog of two, three and four year old cases as it was as recently as the second quarter of 2008.

Of the 257 cases the OCC closed in the 2009 second quarter, 83% were closed within nine months and only 4% (11 cases) took more than a year to close. This is an

improvement compared to the second quarter of 2008 where only 75% of the cases were closed within nine months and 13% of the cases took more than a year to close.

In the second quarter of 2009, five percent of cases were sustained; still significantly lower than the OCC's historical average of nine percent, but the same percentage of cases sustained in the second quarter of 2008. Also, the days to close sustained cases were significantly reduced for the second quarter of 2009. In the second quarter, 57% of sustained cases were completed within nine months and no sustained cases were completed more than 365 days after receipt, while during the same period in 2008, only 20% of the sustained cases were completed within nine months and 20% of them were completed more than 365 days after receipt. Of note is that for most of 2008, OCC investigators were operating with only twelve fully trained investigators. However, of greater note is that during the second quarter of 2009, two experienced investigators were out of the office on extended leave and nearly one quarter of the investigators were out of the office in POST training for a week.

The sustained allegations in five of the fourteen sustained complaints, (more than one third) continue to be troubling as they were in the first quarter because the allegations were sustained for neglect of duty when an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer in the case of motorcycle officers. Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.<sup>1</sup> In the first quarter, nearly one third of sustained complaints were sustained due to failure to collect stop data.

Allegations were also sustained in the second quarter for unnecessary force, untruthfulness in an incident report, use of profanity, physically aggressive behavior, failure to prepare an incident report, failure to issue a certificate of release, failure to enter a reportable use of force in the use of force log, and failure by officers in an unmarked car to call for a marked backup unit in a traffic stop.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2009 second quarter, staff had closed 93% of the 2008 cases, leaving 7% of the 2008 cases pending. In comparison, by the end of the 2008 second quarter, staff had closed 87% of the 2007 cases, leaving 13% of the 2007 cases

pending. Through closer case management, staff is moving closer to its goal of completing its investigations within nine months.

## V. CASE MANAGEMENT

The investigator caseload as of June 30, 2009 shows a better balance than the same period in 2008. The average caseload as of June 30, 2009 was 22 cases per investigator. Only one investigator had a caseload of 30 cases as of June 30, 2009. That same investigator had a caseload of 62 cases by the end of the second quarter in 2008. As of March 31, 2008, the average caseload was 32 cases, yet one investigator had a caseload of 62 cases and another, 45. During the second quarter of 2009, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

## VI. CASE PROSECUTION

The OCC's two trial attorneys prosecute police misconduct cases in matters investigated and determined by the OCC to be misconduct or failure to perform a required action. They present cases to the Police Chief when officers object to proposed discipline of up to ten days suspension. They present cases before the Police Commission when the proposed discipline is greater than ten days suspension up through termination.

During the 2<sup>nd</sup> Quarter, the Legal Unit lost one of its Trial Attorneys who voluntarily resigned. Nevertheless, during this period, the OCC presented two of its backlogged cases to the Police Commission, as follows:

1. A case against one police captain was adjudicated by presenting a full hearing in Open Session before the Police Commission. While discipline hearings are held in Closed Session, at the option of the subject officer, a case may be presented in sessions open to the public. Pre-hearing matters and motions were presented in two sessions, and the hearing on the merits was completed in two additional sessions. The Commission did not uphold the specific charges but Commission members individually expressed disapproval of the captain's behavior.
2. Cases against six officers were also presented during this time. The OCC requested that the Commission dismiss one charge and return the

remaining charges to the OCC for referral to the Police Chief for discipline. The OCC's recommendations were the result of a series of negotiations and Stipulated Dispositions with the subject officers and their legal representatives. The Commission approved the proposed terms as to five of the cases, and one case was referred to mediation.

During the second quarter, the OCC initiated the process to fill the Trial Attorney vacancy. It is expected that the position will be filled during the third quarter and that the Legal Unit will be functioning with its full complement of attorneys by August 2009.

## **VII. MEDIATION**

During this quarter, the OCC continued to make significant progress in mediating a significant number of cases. Through the dedicated efforts of Mediation Coordinator Donna Salazar, as well as those of a committed panel of pro bono legal and lay mediators, the OCC mediation program continues to thrive. The OCC mediated 23 cases in the second quarter of 2009, which represents a 30% increase from the same period in 2008, when the OCC mediated 16 cases. From the beginning of the 2009 calendar year through the end of the second quarter, the OCC had mediated 39 cases, as compared to 33, nearly 20 % more than the first two quarters of 2008. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint and serves as an educational experience for all participants.

## **VIII. OUTREACH**

The OCC's Community Outreach Program seeks to improve public and police understanding of OCC's services, goals and accomplishments. By using a community based approach, the OCC works with leaders, advocates and organizations to educate the public about its services. Through presentations, widely distributed written materials and the OCC website, the OCC aims to increase the public's understanding of civilian oversight and the active role the public can play in making the OCC and community policing successful. Through its outreach efforts, the OCC seeks to strengthen its relationships with communities historically and statistically likely to have encounters with the police.

During the 2<sup>nd</sup> Quarter of 2009, the OCC performed the following outreach activities:

- Investigators made presentations to:
  - The Community Assessment and Referral Center (Chief Investigator Charles Gallman and Senior Investigator Edward McMahon),
  - Padres Unidos ( Investigators Helen Calderon and Mary Ivas),
  - John O'Connell High School (Senior Investigator Erick Baltazar and Investigator Candace Miles-Threatt), and
  - Northern California Girl Scouts (Investigators Helen Calderon and Mary Ivas).
- Senior Investigator Edward McMahon gave a presentation about OCC services to a community meeting in District 8.
- Executive Director Joyce Hicks gave an informational presentation to the Oakland City Council Public Safety Committee regarding police oversight.
- Chief Investigator Charles Gallman gave an informational presentation at a BART community meeting regarding police oversight.
- OCC staffed informational tables at two Operation Homeless Connect events (Attorney Donna Salazar and Investigator Karol Heppe).
- OCC staffed an informational table at an Operation Family Connect event (Attorney Donna Salazar and Investigators Karol Heppe and Ellen Dolese)
- Executive Director Joyce Hicks, Chief Investigator Charles Gallman and Investigator Candace Miles-Threatt gave a presentation on ethics in civilian oversight of law enforcement to San Francisco State University Professor Michael Musheno's "Ethics in Criminal Justice Class".
- Chief Investigator Gallman and Investigator Candace Miles-Threatt addressed two classes at San Francisco State University regarding the policies and procedures of OCC.
- Executive Director Hicks offered information regarding the OCC at the Alumni Reception sponsored by the UC Berkeley Law Students of African Descent, and gave an overview of the OCC while moderating a panel at UC Berkeley Law School.

## IX. POLICY ANALYSIS

Pursuant to San Francisco City Charter section 4.127, the OCC is charged with “making recommendations concerning policies or practices of the [Police] [D]epartment which could be changed or amended to avoid unnecessary tension with the public or a definable segment of the public while insuring effective police services.” During the second quarter of 2009 the OCC policy work was focused primarily on four areas.

First, the OCC finalized its 2009 Community Outreach Strategic Plan. The Strategic Plan reported and highlighted the OCC’s activities and implementation of the 2008 Community Outreach Strategic Plan and outlined its plan and goals for the 2009 calendar year. The 2009 Community Outreach Strategic Plan was presented to the Police Commission on June 17, 2009.

Second, as part of its policy work to develop police training and public education materials regarding Department General Order 5.20 (Language Access Services for Limited English Proficient [LEP] Persons), the OCC, in conjunction with representatives from several community organizations, continued its work to ensure full implementation of the DGO. The work included distribution of the Guide to Language Access and completion of the filming of an SFPD training video for police officers.

Third, in collaboration with juvenile justice advocacy groups, city agencies, commissions and the Police Department, the OCC continued its work on revision and implementation efforts related to Department General Order 7.01, a protocol for police interactions with juveniles. Along with community representatives and the Police Department, the OCC continued to meet to discuss possible revisions to the DGO. The OCC expects to receive the Department’s proposed revisions soon. The OCC will then promptly review the proposal and offer its input.

Lastly, this quarter, the OCC and the Police Department presented a revised Department General Order 11.07 (Discrimination and Harassment) to the Police Commission. Importantly, this revised DGO adds a prohibition against discrimination of SFPD members on the basis of gender identity. Since 1999, the OCC and community organizations have been working with the Department to increase cultural competency regarding transgender issues. Through years of hard work and collaboration with the OCC and other organizations, the Department has provided numerous trainings and implemented many changes to its policies. The current addition of gender identity protections to DGO 11.07 further clarifies that gender identity discrimination in employment, like the other forms of employment

discrimination already prohibited under DGO 11.07, will not be tolerated by the Department.

## **X. CONCLUSION**

The OCC is committed to its mission of timely, fairly and in an unbiased manner investigating citizen complaints of police misconduct or failure to perform a duty. The second quarter data reflects the OCC's capabilities when it is more fully staffed. The OCC will continue to engage in strategic case management during the third quarter and continue its work on finalizing an investigators' manual on OCC practices and procedures and finalizing a formal training program and strategic plan.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2009 Third Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2009 third quarter. The OCC had a very productive first nine months of 2009, opening 785 complaints and closing 778 complaints. In the third quarter of 2009 OCC received 274 complaints of police misconduct or failure to take action and it closed 272 of them. The OCC had 401 pending cases as of the end of the third quarter. Only eight cases remained from the prior year, 2008, in contrast to the end of the third quarter 2008, when 37 cases remained from 2007. This represents nearly an 80% reduction of the cases remaining open from the prior year.

## II. ORGANIZATIONAL MATTERS

During the third quarter of 2009, the OCC experienced a period of organizational stability similar to the second quarter of the year. The vacant trial attorney position from the second quarter was filled during the third quarter. The statistics set forth below continue to bear out the theory that a lower caseload results in greater productivity and fewer delays.

In the third quarter, the investigators began participating in a three month time study to determine how their time is spent in the conduct of investigations.

During the third quarter, staff continued work on updating the OCC investigation manual as well as putting in writing its strategic plan for training. While completion was projected for the end of the third quarter, the OCC's focus on case management and more timely completion of investigations delayed completion of these two projects. We now anticipate completion of these projects by the end of the year.

Re: Office of Citizen Complaints 2009 Third Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2009 third quarter. The OCC had a very productive first nine months of 2009, opening 785 complaints and closing 778 complaints. In the third quarter of 2009 OCC received 274 complaints of police misconduct or failure to take action and it closed 272 of them. The OCC had 401 pending cases as of the end of the third quarter. Only eight cases remained from the prior year, 2008, in contrast to the end of the third quarter 2008, when 37 cases remained from 2007. This represents nearly an 80% reduction of the cases remaining open from the prior year.

## II. ORGANIZATIONAL MATTERS

During the third quarter of 2009, the OCC experienced a period of organizational stability similar to the second quarter of the year. The vacant trial attorney position from the second quarter was filled during the third quarter. The statistics set forth below continue to bear out the theory that a lower caseload results in greater productivity and fewer delays.

In the third quarter, the investigators began participating in a three month time study to determine how their time is spent in the conduct of investigations.

During the third quarter, staff continued work on updating the OCC investigation manual as well as putting in writing its strategic plan for training. While completion was projected for the end of the third quarter, the OCC's focus on case management and more timely completion of investigations delayed completion of these two projects. We now anticipate completion of these projects by the end of the year.

Finally, on September 17, 2009, the City Services Auditor (CSA) published a follow up memorandum that addressed OCC's progress on the 38 recommendations that it made in its January 24, 2007 audit report on OCC's operations. The Auditor cited the OCC's self assessment that of the 38 recommendations, the OCC had fully implemented 18, partially implemented 11 and not yet implemented 9.

The CSA reviewed eight of its recommendations to measure whether the OCC had implemented them. Of the eight recommendations the CSA reviewed, the CSA determined that the OCC had fully implemented four and partially implemented four. In the CSA's own words, "[t]o conduct the follow-up, CSA met with key OCC personnel to discuss the status of the corrective actions taken to date and, for the eight recommendations selected for this follow-up, obtained documentary evidence, verified the existence of processes that have been established, and documented the results of our fieldwork." The CSA's assessments of the eight recommendations it reviewed and in two instances OCC's responses are:

- 1) Recommendation number 2 - Complete investigations within nine months or 10 months at the latest. (Partially implemented)
- 2) Recommendation number 8 - Develop and implement a notification process when investigations will take longer than nine months. (Partially implemented.)
- 3) Recommendation number 9 - Integrate casework summaries into case tracking system. (Implemented.)
- 4) Recommendation number 12 - In the Keane Report, list the cases chronologically and include the number of days a case has been open. (Partially implemented.) (Fully implemented on August 28, 2009, as evidenced in this third quarter report.)<sup>1</sup>
- 5) Recommendation number 25 - Develop performance plans and implement performance appraisals for OCC employees. (Implemented.)
- 6) Recommendation number 32 - Comply with reporting requirements and post reports on the OCC website. (Implemented.)
- 7) Recommendation number 35 - Develop and present to the Police Commission an annual outreach strategic plan. (Partially implemented.) (Fully implemented by September 1, 2009, using survey tools to measure the effectiveness of its outreach activities.)<sup>2</sup>
- 8) Recommendation number 40 - Include in the OCC annual report data from the intake log on language spoken by complainants. (Implemented.)

---

<sup>1</sup> After the completion of the audit review, the OCC amended the Keane report to include a field that shows the number of days a case has been open.

<sup>2</sup> After the completion of the audit review, the OCC finalized its survey tools for measuring the effectiveness of its outreach activities and began distributing them.

The CSA also stated that, “[a] s a result of the audit recommendations being implemented, the OCC’s operations should be more efficient, effective, transparent, and compliant with City laws and policy.”

The CSA’s report, including the OCC’s response can be found at <http://www.sfgov.org/site/uploadedfiles/controller/reports/OCCFollowUpMemo.pdf>. The OCC will more fully address its implementation of the audit recommendations in its 2009 annual report.

### III. INVESTIGATION OF CASES

As of the end of the 2009 third quarter, the OCC opened 787 new cases and closed 778 cases. The OCC closed the quarter with 401 pending cases which is two more than the close of the third quarter in 2008. By the end of the 2009 third quarter there were 8 pending cases from 2008 and 393 pending cases from 2009. By contrast in the previous year (the 2008 third quarter), there were 37 pending cases from 2007 and 362 pending cases from 2008, nearly five times more cases from the previous year, 2007, than pending cases from the previous year, 2008, this third quarter.

Of the 272 cases the OCC closed in the 2009 third quarter, 231 cases (85%) were closed within nine months and only 11 cases (4%) took more than a year to close. This is an improvement compared to the third quarter of 2008 where only 206 cases (75%) were closed within nine months and 37 cases (14%) took more than a year to close.

In the third quarter of 2009, the OCC sustained allegations in five percent of the cases it closed; this is still significantly lower than the OCC’s historical average of nine percent, but greater than the 3.3% of closed cases sustained in the third quarter of 2008. Also, the days to close sustained cases were significantly reduced for the third quarter of 2009. In the third quarter, eight sustained cases (54%) were completed within nine months and one sustained case was completed more than 365 days after receipt, while during the same period in 2008, only one sustained case (17%) was completed within nine months and two cases (33%) were completed more than 365 days after receipt. It is worth noting that filling vacancies contributed to these positive results: for most of 2008, OCC investigators were operating with only twelve fully trained investigators while in 2009 the OCC has seventeen trained investigators.

The OCC sustained 20 allegations in 15 of the cases it closed in the third quarter. One allegation of unnecessary force was sustained in the third quarter. Sixty-five percent of the sustained allegations were for neglect of duty, including failure to document traffic stop data (E585), failure to issue a certificate of release, failure to

return property, failure to follow Department General Order 7.01 (Policies and Procedures for Arrest, Detention and Custody of Juveniles) and inaccurate citation writing. Complaints were sustained for unwarranted action, including false arrest and unlawful search of a home. Complaints were also sustained for discourtesy by using profanity and for conduct reflecting discredit, including one for publicly belittling an individual about a prior conviction and another for failing to abide by leash laws in a recreation area. The sustained allegations for failure to collect traffic stop data and the training imposed by the Police Department may be having an educational effect: in the previous two quarters in 2009, more than one third of the sustained allegations were for failure to report traffic stop data (E585), only one of the 15 sustained cases in the third quarter was for failure to report traffic stop data.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2009 third quarter, staff had closed more than 99% of the 2008 cases, leaving from 2008, only 8 of the 1021 cases filed. In comparison, by the end of the 2008 third quarter, staff had closed 96% of the 2007 cases, leaving 37 of the 2007 cases pending of the 954 filed. Through closer case management, staff is moving closer to its goal of completing its investigations within nine months.

#### **V. CASE MANAGEMENT**

The investigator caseload as of September 30, 2009 shows a better balance than the same period in 2008. The average caseload as of September 30, 2009 was 22 cases per investigator. Only one investigator had a caseload of 30 cases as of September 30, 2009. As of September 30, 2008, the average caseload was 27 cases, and one investigator had a caseload of 40 cases. During the third quarter of 2009, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. CASE PROSECUTION**

The OCC's two trial attorneys prosecute police misconduct cases in matters investigated and determined by the OCC to be misconduct or failure to perform a required action. They present cases to the Police Chief when officers object to proposed discipline of up to ten days suspension. They also present cases before the Police Commission when the proposed discipline is greater than ten days suspension

up through termination. Finally, the trial attorneys review OCC complaints for sustainability and oversee the preparation of sustained reports.

During the third quarter, the Legal Unit hired trial attorney R. Manuel Fortes to fill the vacancy left by the voluntary resignation of an attorney during the previous quarter. During this period, the OCC participated in case management conferences on six of its Police Commission cases. In addition, the OCC was able to reach resolution of three of those cases, pending Police Commission approval. The proposed resolutions will be presented to the Police Commission during Closed Session in the next quarter.

## **VII. MEDIATION**

The OCC continued to make significant progress in mediating cases during this third quarter. Under the leadership of the OCC's Mediation Coordinator, Donna Salazar, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 21 cases in the third quarter of 2009. This represents a 5% increase from the third quarter of 2008, when the OCC mediated 20 cases. From the beginning of the 2009 calendar year through the end of the third quarter, the OCC mediated 61 cases, as compared to 53 during the same period in 2008. This represents a 15% increase in mediated cases. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint and serves as an educational experience for all participants.

## **VIII. OUTREACH**

The OCC's Community Outreach Program seeks to improve public and police understanding of its services, goals, and accomplishments. By using a community based approach, the OCC works with leaders, advocates and organizations to educate the public about its services. Through presentations, widely distributed written materials and its website, the OCC aims to increase the public's understanding of civilian oversight and the active role the public can play in making the OCC and community policing successful. Through outreach efforts, the OCC seeks to strengthen its relationships with communities that are historically and statistically likely to have encounters with the police.

During the third quarter of 2009, the OCC was engaged in the following outreach activities:

- A. Investigator David Aulet made a presentation to "La Voz Latina" at the Tennant Collective community meeting.

- B. Investigator William Huey attended a Chinese for Affirmative Action community meeting and distributed materials.
- C. Director Joyce Hicks addressed Police Commission community meetings in Chinatown and the Ingleside district.
- D. Investigators Gregory Underwood, Roxanne Hayes and Sherry Hall, and Mediation Coordinator Donna Salazar staffed an informational table at the Bayview/Hunters Point 6<sup>th</sup> Annual Back to School Celebration.

During this quarter, the OCC continued to supply brochures and other materials in multiple languages to police stations, community centers, and groups representing various demographic groups in the City.

## IX. POLICY ANALYSIS

Pursuant to San Francisco City Charter section 4.127, the OCC is charged with “making recommendations concerning policies or practices of the [Police] [D]epartment which could be changed or amended to avoid unnecessary tension with the public or a definable segment of the public while insuring effective police services.”

In September 2009, staff attorney Samara Marion returned to the OCC after a one-year sabbatical and resumed her policy analyst position. Attorney Ellise Nicholson concluded her one-year appointment as OCC’s temporary staff attorney and policy analyst. During this quarter, policy work has focused primarily in the areas of language access (Department General Order 5.20) and police interactions with juveniles (Department General Order 7.01). Additionally, Ms. Marion has been reviewing and prioritizing policy projects and working with the Police Department to resolve outstanding OCC policy recommendations.

October marks the second anniversary of the adoption of DGO 5.20, the language access protocol for the Police Department and the completion of the Police Department’s language access training video for police officers. The OCC, in conjunction with community representatives, assisted in the writing and filming of the Police Department training video. Relying on three scenarios involving Limited English Proficient (LEP) individuals, the training video demonstrates how language barriers undermine the reporting, investigation and prosecution of crime. The video instructs that a bilingual officer speaking directly to the LEP individual is the best method of providing language assistance; civilian interpreters followed by telephone interpreters are appropriate alternatives when a bilingual officer is not available. In

the upcoming quarter, the OCC will continue to meet with community groups and the Police Department to advance the goals of the language access policy.

During the third quarter, the OCC continued its work on developing implementation strategies for Department General Order 7.01, a protocol for police interactions with juveniles. The OCC helped establish collaboration between juvenile justice advocacy groups, city agencies, commissions and the Police Department, to address DGO 7.01's requirement that youth be brought to juvenile-centered facilities instead of district stations holding adult suspects. The OCC will continue to meet with community groups and the Police Department to develop a written implementation strategy and time-line.

Lastly, in September 2009 the OCC and the Police Department renewed discussions on outstanding OCC policy recommendations concerning the electronic recording of custodial interrogations, a protocol for confirming the validity of bench warrants before arrest, the assessment and control of potentially dangerous canines, and the review of deaths and serious injuries caused by extended range impact weapons.

## X. CONCLUSION

The OCC is committed to its mission of conducting timely, fair and unbiased investigations of civilian complaints of police misconduct or failure to perform a duty. The third quarter data reflects the OCC's capabilities when it is more fully staffed. The OCC will continue to engage in strategic case management during the fourth quarter and continue its work on finalizing an investigators' manual on OCC practices and procedures and finalizing a formal training program and strategic plan.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2010 First Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2010 first quarter. The OCC received 239 complaints of police misconduct or failure to take action and closed 223 complaints this first quarter. It sustained 16 complaints against San Francisco Police officers.

## II. ORGANIZATIONAL AND BUDGET MATTERS

The OCC experienced a period of organizational contraction during the first quarter of 2010. One journey level investigator (8124) retired and another announced his resignation, effective April 9, 2010, reducing the number of filled 8124 positions to 15. Additionally, one 8124 investigator began an extended three month leave through May and another 8124 investigator began an indefinite unplanned leave. This left the OCC facing a second quarter with 13 journey level investigators to each handle an average of six new cases a month.

Finally on February 22, 2010, in compliance with City budget directives, the OCC submitted its proposed budget to the Mayor and Controller with a total of 30% in budget reductions including three journey 8124 investigator positions (one of which is filled), five filled clerical positions and a filled attorney position. The OCC reported that should all nine of these positions be taken, one quarter of the OCC's staff would be eliminated and eight employees would lose their jobs. The OCC stressed that the reduction of the investigator positions would cause increased caseloads, which could lead to lower productivity and more delays. The OCC also stressed that the reduction of an attorney position would necessitate the elimination of the mediation program, and leave the outreach work without a coordinator. The OCC indicated that the

reduction of the clerical staff by 60% would greatly hamper the office's ability to comply with legal mandates of document production and timely process complaints and investigations. Finally, during this first quarter, the OCC felt the impact of a mandated \$40,000 mid-cycle reduction in its operations budget. The OCC was unable to make long needed improvements to enable it to electronically access Department of Motor Vehicle records. The reduction was part of a citywide effort to balance the 2009/2010 budget.

### III. INVESTIGATION OF CASES

As of the end of the 2010 first quarter, the OCC opened 239 new cases, and closed 223 cases. During this quarter, the OCC closed 16 fewer cases than it opened. The OCC closed the quarter with 397 pending cases which is 17 more pending cases than the close of the first quarter in 2009. By the end of the 2010 first quarter there were 208 pending cases from 2009 and 189 pending cases from 2010.

While the investigative staff saw its ranks diminishing toward the end of the first quarter, it demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and in an unbiased manner, with a determined effort. Of the 223 cases closed, 79% of them were closed within nine months and less than 1% of them (1 case) took more than a year to close. The case that took more than one year to close had no sustainable allegations. While in the first quarter of 2009, 87% of the 258 cases were closed within nine months, in the first quarter of 2010, the investigators sustained 45% more cases, requiring additional time on those cases.

The rate of sustained cases increased in the first quarter of 2010. During this quarter of 2010, seven percent of cases were sustained; still lower than the OCC's historical average of nine percent, yet higher than the four percent of cases sustained at the end of the first quarter of 2009. In the first quarter of 2010 the OCC sustained 16 cases compared to 11 cases in the first quarter of 2009. The number of days to close sustained cases significantly increased for the first quarter of 2010 compared to the first quarter of 2009. In the first quarter of 2010 only 6% of sustained cases were completed within nine months but no sustained cases were completed more than 365 days after receipt, while during the same period in 2009, 54% of the sustained cases were completed within nine months. This decrease in prompt completion of sustained cases is attributable to three factors: 1) increased number of sustained cases, 2) decreasing number of investigators and 3) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews.

There were sustained allegations of neglect of duty in 15 of the 16 sustained complaints. Four complaints, or 25% of them, were sustained for failure to issue a certificate of release after handcuffing. Three complaints were sustained for failure to properly process property. Two complaints were sustained for failure to make entries in the use of force log. Another complaint contained several allegations including misrepresentation of the truth, unnecessary force and discourtesy.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2010 first quarter, staff had completed intake on all 2009 cases, and had, closed 80% of the 2009 cases, leaving 20% of the 2009 cases pending. In comparison, by the end of the 2009 first quarter, staff had also completed intake on all 2008 cases, and had closed 82% of the 2008 cases, leaving 18% of the 2008 cases pending. While during the first quarter of 2009 there was some slippage in the number of pending cases from the previous year, it is understandable in light of the increased number of sustained cases and the time devoted to complete them.

#### **V. CASE MANAGEMENT**

The investigator caseload as of March 31, 2010 shows significant increase over the same period in 2009. This increase is attributable to greater time needed by investigators and attorneys to process sustained cases. The average caseload as of March 31, 2010 was 24 cases per investigator. As of March 31, 2009, the average caseload was 20 cases. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. MEDIATION**

At the beginning of 2010, the OCC Mediation Coordinator, Donna Salazar, was on an unexpected leave for seven weeks. During her absence, the OCC was unable to conduct mediations because the remaining three attorneys on the OCC legal unit had a heavy caseload, an increased number of sustainability reviews and sustained reports and 22 pending policy recommendations to address. The Mediation Coordinator returned to work in late February and she facilitated five mediations in March. In comparison, the OCC mediated sixteen cases in the first quarter of 2009.

In early March the Mediation and Outreach Coordinator attended the Alternative Dispute Resolution of Northern California conference as well as two Mediation Week events. In February, the Mediation Coordinator addressed a class at

Community Boards mediation training. The Mediation Program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

## **VII. OUTREACH**

During the first quarter of 2010, the OCC participated in several outreach activities. OCC staff gave "Know Your Rights" presentations to two groups at the Excelsior Family Center, as well as to the staff of the Community Assessment and Referral Center. In addition, the OCC Director made a presentations about its services during Police Commission meetings in January, February and March held at the African American Art and Cultural Complex in the Western Addition, Eureka Valley Recreation Center in the Mission and Grace Lutheran Church in the Portola neighborhood of the Bayview District.

During this quarter, the OCC also gave informational presentations to a Guggenheim Fellow from Harvard who was interested in the agency's policies and procedures, and Mediation Program. Additionally, the OCC staffed informational tables at an Operation Homeless Connect event and the Family Summer Resource Fair hosted by the City's Department of Children, Youth and Families. OCC staff also met with an Indonesian delegation to describe the OCC's policies and procedures.

OCC staff also addressed a class of students from San Francisco State University regarding the services provided by the agency and the City of Richmond, California, Police Commission regarding the OCC Mediation Program.

## **VIII. POLICY ANALYSIS**

During the first quarter of 2010 policy analyst Samara Marion worked to advance the implementation of the agency's twenty-two outstanding recommendations made during the 4<sup>th</sup> quarter 2009 related to officer-involved shootings, juvenile policing practices and language access services.

Ms. Marion met weekly with representatives from several juvenile justice advocacy groups and the Department to complete a Department Bulletin that summarizes the key revisions to Department General Order 7.01, the juvenile policing DGO. The OCC and juvenile justice advocacy groups have been steadfast in advancing an informative "Know Your Rights Guide for Youth in San Francisco" that the Department has agreed to issue. The Department Bulletin and Youth Guide will be released in the upcoming month. Ms. Marion and juvenile justice advocacy groups

will continue to meet with the Department to develop academy and roll call training on police interactions with youth.

During the past three months, the OCC held discussions with the Police Department to facilitate the reorganization of language assess services under the Community Relations Unit of the Office of the Chief of Staff. The OCC is optimistic that this reorganization will lead to the timely review and implementation of our agency's outstanding language access recommendations.

Ms. Marion has continued her discussions with the Police Department concerning its officer-involved shooting recommendations and anticipates more rapid progress once the Department's personnel and organizational changes are more fully implemented.

Additionally, Ms. Marion worked with SFPD to revise Department General Order 3.01 to ensure consistency between Department General Orders adopted by the Police Commission and Department Bulletins, Bureau and Unit orders issued by the Police Department. These revisions were before the Police Commission for discussion on April 14, 2010 and will return for action in 30 days.

Lastly, to facilitate better record keeping and timely document requests concerning equipment usage, the OCC recommended and obtained the Police Commission's adoption of a modification to the OCC-SFPD Document Protocol.

## IX. CONCLUSION

The OCC faces severe budget and staffing constraints in the upcoming year which could result in case resolution delays, however, the OCC will remain committed to its mission promptly, fairly and impartially investigating citizen complaints of police misconduct or failure to perform a duty.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2010 Second Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2010 second quarter. The OCC received 474 complaints of police misconduct or failure to take action and closed 435 complaints this second quarter. It sustained 37 complaints against San Francisco Police officers.

## II. ORGANIZATIONAL AND BUDGET MATTERS

The OCC experienced a continued period of organizational contraction during the second quarter of 2010. As was highlighted in the first quarter 2010 report, one journey level investigator (8124) retired and another announced his resignation, effective April 9, 2010, reducing the number of filled 8124 positions to 15. Additionally, one 8124 investigator was on an extended three month leave through May and another 8124 investigator began an indefinite unplanned leave. The first quarter of 2010 began with 17 journey-level investigators but by the end of the second quarter, the OCC had only 14 journey level investigators to each handle an average of five new cases a month.

During the second quarter, OCC investigators and attorneys attended a day-long POST certified training on conducting interviews. The investigators and attorneys also attended training conducted by Deputy Chief Murphy on Police Department operations at the Municipal Transit Authority.

Mayor Gavin Newsom submitted his budget to the Board of Supervisors during the second quarter. While the budget did not delete any of the OCC's positions, the two vacant investigator positions will likely remain unfilled due to inadequate funding in OCC's salary budget.

### III. INVESTIGATION OF CASES

As of the end of the 2010 second quarter, the OCC opened 474 new cases, and closed 435 cases. The adjusted total of opened cases was 449. The adjusted total excludes cases that were voided or merged. During this quarter, the OCC closed 39 fewer cases than it opened. The OCC closed the quarter with 420 pending cases which are 28 more pending cases than the close of the second quarter in 2009. By the end of the 2010 second quarter there were 107 pending cases from 2009 and 313 pending cases from 2010.

Despite a reduced investigative staff during the second quarter, the investigative team continued to demonstrate its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially. Of the 212 cases closed in the second quarter, 81% of them were closed within nine months and less than 1% of them (1 case) took more than a year to close. The case that took more than one year to close had no sustainable allegations. While in the second quarter of 2009, 84% of the 266 closed cases were closed within nine months, in the second quarter of 2010, the investigators sustained 50% more cases, requiring additional time on those cases.

The rate of sustained cases increased in the second quarter of 2010. During this quarter of 2010, ten percent of closed cases were sustained; which is higher than the OCC's historical average of nine percent and higher than the four percent of cases sustained at the end of the second quarter of 2009. In the second quarter of 2010 the OCC sustained 21 cases compared to 14 cases in the second quarter of 2009. The number of days to close sustained cases significantly increased for the second quarter of 2010 compared to the second quarter of 2009. In the second quarter of 2010 only 34% of sustained cases were completed within nine months but no sustained cases were completed more than 365 days after receipt, while during the same period in 2009, 57% of the sustained cases were completed within nine months. As with the first quarter of 2010, this decrease in prompt completion of sustained cases is attributable to three factors: 1) increased number of sustained cases, 2) decreasing number of investigators and 3) active trial calendars, including cases dating back to 2003 and 2004, for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews.

In the second quarter of 2010, there were sustained allegations of neglect of duty in 13 of the 21 complaints with sustained allegations. Six complaints, or 29% of them, had sustained allegations for failure to collect traffic stop data. Two complaints had sustained allegations for failure to prepare an incident report when the complainants had been assaulted. Neglect of duty sustained allegations also included failure to provide seat belted transportation for a complainant whom the officer had separated from the complainant's wheelchair.

Allegations in five complaints were sustained for conduct reflecting discredit on the department. Of those five complaints with sustained allegations for conduct reflecting discredit, two complaints involved sergeants who used profane language, a profane hand gesture or both. Another conduct reflecting discredit sustained allegation involved an officer who told the complainant and her son to speak English not Spanish. In that same complaint, a neglect of duty allegation was sustained against the officer for violating DGO 5.20 regarding language access and the officer's sergeant was sustained for failure to supervise when the sergeant reviewed and approved the incident report which failed to comply with DGO 5.20.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2010 first quarter, staff had completed intake on all 2009 cases, and by the end of the 2010 second quarter had closed 89% of the 2009 cases, leaving 11% of the 2009 cases pending. In comparison, by the end of the 2009 first quarter, staff had also completed intake on all 2008 cases, and had closed 93% of the 2008 cases, leaving 7% of the 2008 cases pending. As with the first quarter of 2010, during the second quarter of 2010 there was some slippage in the number of pending cases from the previous year, but is understandable in light of the increased number of sustained cases and the time devoted to complete them.

#### **V. CASE MANAGEMENT**

The investigator caseload as of June 30, 2010, shows significant increase over the same period in 2009. This increase is attributable to greater time needed by investigators and attorneys to process sustained cases. The average caseload as of June 30, 2010, was 26 cases per investigator. As of June 30, 2009, the average caseload was 22 cases. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. MEDIATION**

At the beginning of 2010, the OCC Mediation Coordinator, Donna Salazar, was on an unexpected medical leave for seven weeks. OCC staff attempted to maintain the program during this period, but unfortunately was unable to conduct any mediations. The Mediation Coordinator returned to work in late February. In the second quarter 12 mediations were conducted compared to 23 in 2009. As of June 30, 2010, 17 mediations were conducted compared to 39 by June 30, 2009.

During the first half of 2010 a total of 100 officers were considered for mediation. Of those officers, 18, or 18% were ineligible. Of the remaining officers

who were offered mediation, only one, or 1% declined to mediate. Of 81 citizens offered mediation, 19 or 23% declined to mediate.

In June, the Mediation Coordinator addressed a class at Community Boards mediation training. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

## **VII. OUTREACH**

During the first half of 2010, the OCC engaged in the following activities: OCC staff gave "Know Your Rights" presentations to two groups of people at the Excelsior Family Center, as well as to the staff of the Community Assessment and Referral Center. Additionally, the OCC staff made presentations to two groups of senior citizens at Excelsior Family Connections, the Taft Family Center, San Francisco State University, and Police Commission meetings held in the Western Addition, Eureka Valley, Taraval district, and the Portola district. OCC personnel also addressed one class at the Police Academy and made a presentation to the City of Richmond Police Commission about our Mediation Program.

OCC staffed information booths at Operation Homeless Connect downtown and in the Bayview district, the Family Resource Fair, the Sheriff's Department Resource Fair, and the Touchdown Fair in Treasure Island. The OCC met with representatives of the Indonesian Legal Aid Foundation, the Australian Crime and Misconduct Commission, and a Guggenheim fellow from Harvard Law School.

Brochures and complaint forms were provided to all nine police stations, SFPD Legal, the Bernal Heights Neighborhood Center, the Mission Community Center, Community Boards, Lyric Youth Services, Community United Against Violence, the Larkin Youth Center, the Transgender Law Center, the Excelsior Senior/Youth Center, La Raza Centro Legal, Arriba Juntos, the Asian Law Caucus, Chinese for Affirmative Action, the Instituto Laboral de la Raza, ACCESS, the Mayor's Office of Neighborhood Services, three law libraries, the Ella Hill Hutch Community Center, the African Resource Center, the Public Defender's Office, the District Attorney's Office, the Human Rights Commission, and the Bayview Family Center.

In April, Director Hicks wrote an article about the NAACP's rapid response reporting system for police misconduct in the spring 2010 NACOLE Review. The NAACP's rapid response reporting system has been renamed the All Alert system. OCC representatives attended the Mission Neighborhood Center's 50<sup>th</sup> Anniversary Gala and an event sponsored by the Alameda County Bar Association. The Mediation Coordinator attended two Community Boards trainings, several Mediation Week events and the Alternative Dispute Resolution of Northern California Conference.

Evaluations returned after OCC presentations indicate that 100% of the representatives of those organizations felt that the presentation met their expectations, that the presenters were knowledgeable about their subject matter, and felt that the materials distributed were substantive. Every evaluator stated they would ask OCC to return and would recommend it to others.

### **VIII. POLICY ANALYSIS**

During the second quarter of 2010 policy analyst Samara Marion continued her work with the Police Department and community organizations to advance the OCC's twenty-two outstanding recommendations on officer-involved shootings, juvenile policing practices and language access services.

As a participant in the Police Department's officer-involved shooting study<sup>1</sup>, the OCC recommended that the Police Department restrict its shooting at vehicle policy. The OCC recommended mandatory restrictions similar to those adopted by police departments in major cities such as New York, Los Angeles, Chicago, and Boston. Consistent with best practices, the OCC also recommended that the new policy explain the inherent dangers and ineffectiveness of shooting at moving vehicles. On June 3, 2010, Department Bulletin 10-156 informed officers of the Police Department's prohibition on shooting at moving vehicles except under extreme circumstances. By working with the Police Department to restrict this high risk use of deadly force, the OCC continued its vital role in enhancing police-community relations while ensuring effective police services.

The OCC also advanced significant aspects of its juvenile policing recommendations during this quarter. With OCC's assistance, newly released Department Bulletin 10-130 explains changes in the Police Department's juvenile policing protocols that include the audio taping of juvenile interrogations and informing juveniles that their parents can be present during custodial questioning. To enhance police relations with youth and their families, the OCC and several juvenile justice groups have written an informative "Know Your Rights Guide for Youth in San Francisco" that the Police Department has agreed to issue. Through the OCC's outreach efforts, more than two dozen city organizations, agencies, commissions, and departments have reviewed and endorsed this Youth Guide. The OCC is assisting in the translation of the Youth Guide into Spanish, Chinese, Tagalog, Russian and

---

<sup>1</sup> On January 20, 2010 the Police Department issued its study of fifteen officer-involved shootings that had occurred between 1/1/2005 and 8/27/2009. The OCC received complaints and conducted investigations in seven of the fifteen OIS cases. In addition to advocating a restrictive shooting at moving vehicle policy, the OCC provided the Police Department policy recommendations concerning pursuits, mental health crisis response, extended range impact weapon incidents, Police Department liaisons to impacted community members, building search training, and language access services for limited English proficient (LEP) victims, witnesses and suspects.

Vietnamese. Additionally, the OCC has developed an officer's quick reference guide to Department General Order 7.01 that is near completion. In the upcoming quarter, the OCC will continue to meet regularly with the Police Department and juvenile justice groups to implement academy and roll call training on police interactions with youth.

The OCC's efforts to advance its language access recommendations have been impeded by a series of personnel changes within the Police Department. Nonetheless, the OCC has developed roll-call training on using interpreters during domestic violence calls and will continue working with the Police Academy to finalize this training.

Lastly, during this second quarter, the OCC worked closely with the Police Department to revise Department General Order 3.01 to ensure consistency between Department General Orders adopted by the Police Commission and Department Bulletins, Bureau and Unit orders issued by the Police Department. The Police Commission adopted these revisions on June 23, 2010.

## IX. CONCLUSION

The OCC faces reduced staffing in the upcoming year due to two vacant investigator positions which likely cannot be filled for budgetary reasons. This could result in case resolution delays; however, the OCC will remain committed to its mission of promptly, fairly and impartially investigating citizen complaints of police misconduct or failure to perform a duty.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Members, the San Francisco Board of Supervisors  
Members, the San Francisco Police Commission  
San Francisco Police Chief George Gascón

Re: Office of Citizen Complaints 2010 Third Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2010 third quarter. The OCC received 664 complaints of police misconduct or failure to take action and closed 648 complaints by the end of the third quarter. It sustained 53 complaints against San Francisco Police officers during the first nine months of 2010.

## II. ORGANIZATIONAL AND BUDGET MATTERS

The OCC continued to experience organizational contraction during the third quarter of 2010. With the 2010 budget reductions, the OCC only has 15 funded journey level investigator positions. One journey level investigator was on extended leave for the entire third quarter and another began a three month extended leave in August, 2010. The OCC closed the third quarter with only 13 journey level investigators. The first quarter of 2010 began with 17 journey-level investigators but by the end of the third quarter, the OCC had only 13 journey level investigators to each handle an average of five new cases a month. Finally, an OCC Senior Investigator began a three month leave during the third quarter, reducing the supervisory staff by one third.

During the third quarter, OCC staff attended six separate trainings:

- OCC investigators and attorneys attended training at the San Francisco Police Department on internal affairs investigations. This training was conducted by the Los Angeles Police Department's Inspector General, Nicole Bershon and Captain Tom Brascia from LAPD's Professional Standards Bureau.

- Chief Investigator Charles Gallman and the OCC Director attended crowd control training at the San Francisco Police Academy.
- The OCC Chief Investigator, a Vietnam War veteran, attended an eight hour class at the SFPD Academy which taught first responders how to interact with veterans suffering from post traumatic stress syndrome. The class was taught by Swords to Plowshares, an organization serving veterans.
- Lt. Moser and Sgt. Tomioka of SFPD Internal Affairs Division conducted training on SFPD's Internal Division.
- OCC Attorney R. Manuel Fortes conducted training for the investigators on interviewing officers whose representatives disrupt interviews by answering for the subject officer, demanding that an OCC supervisor be present and interfering with the investigator's ability to obtain an uncontaminated statement.
- Finally two OCC investigators, the OCC Director and two OCC attorneys attended a four day annual training conducted by the National Association for Civilian Oversight of Law Enforcement (NACOLE).

### III. INVESTIGATION OF CASES

By the end of the 2010 third quarter, the OCC opened 664 new cases, and closed 648 cases. The adjusted total of opened cases was 630. The adjusted total excludes cases that were voided or merged. During this quarter, the OCC closed 16 fewer cases than it opened. The OCC closed the quarter with 397 pending cases which are 4 less pending cases than the close of the third quarter in 2009. By the end of the 2010 third quarter there were 27 pending cases from 2009 and 397 pending cases from 2010.

Despite a reduced investigative staff during the third quarter, the investigative team continued to demonstrate its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially. Of the 214 cases closed in the third quarter, 77% of them were closed within nine months and less than 2% of them (4 cases) took more than a year to close. The cases that took more than one year to close had no sustainable allegations. While in the third quarter of 2009, 85% of the 272 closed cases were closed within nine months and in the third quarter of 2010 only 77% of cases were closed within nine months, in that one year period, the investigators had experienced a 25% reduction in staffing and an increased caseload.

The OCC sustained allegations in 7% of the cases it closed during the third quarter of 2010. In the third quarter of 2010, the OCC sustained 16 cases compared to

15 cases in the third quarter of 2009. The number of days to close sustained cases significantly increased for the third quarter of 2010 compared to the third quarter of 2009. In the third quarter of 2010 only 31% of sustained cases were completed within nine months but no sustained cases were completed more than 365 days after receipt, while during the same period in 2009, 54% of the sustained cases were completed within nine months and one case was completed after one year. As with the first and second quarters of 2010, this decrease in prompt completion of sustained cases is attributable to three factors: 1) increased number of sustained cases, 2) decreasing number of investigators and 3) active trial calendars, including cases dating back to 2003 and 2004, for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews.

In the third quarter of 2010, 12 of the 16 complaints with sustained allegations were sustained for neglect of duty. Seven complaints, or 44% of them, had sustained allegations for neglect of duty for failure to collect traffic stop data. Two complaints had sustained allegations for neglect of duty for failure to issue a certificate of release after handcuffing and releasing the complainant. Another complaint had two neglect of duty sustained allegations; one for failure to completely and accurately document an arrest in an incident report and another for failure to comply with DGO 5.20 (Language Access Services for Limited English Proficient (LEP) persons. Neglect of duty sustained allegations also included failure to prepare a complete and accurate incident report and failure to appropriately process property by failing to keep track of the complainant's laptop bag and its contents after taking possession of them. The complainant's laptop bag and its contents are still missing.

Allegations in three complaints were sustained for conduct reflecting discredit on the department. One complaint involved a sergeant who provided inaccurate information about the OCC to the public and interfered with witnesses in an OCC investigation of a complaint of property damage and conduct reflecting discredit against the sergeant. Another conduct reflecting discredit sustained allegation involved two officers who intentionally failed to disclose that they had transported a juvenile from one location to another and in violation of DGO 7.01 failed to notify the juvenile's parents that they had detained him. In the final complaint with a sustained allegation of conduct reflecting discredit, the officer misused a police vehicle to transport a family member.

An unwarranted action allegation was sustained against an officer for issuing an unlawful order in a civil matter—a landlord/tenant dispute—by ordering a tenant to move his belongings from one room to another.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2010 first quarter, staff had completed intake on all 2009 cases, and by the end of the 2010 third quarter had closed 97% of the 2009 cases,

leaving 3% of the 2009 cases pending. In comparison, by the end of the 2009 first quarter, staff had also completed intake on all 2008 cases, and had closed 99% of the 2008 cases, leaving 1% of the 2008 cases pending. As with the first and second quarters of 2010, during the third quarter of 2010 there was some slippage in the number of pending cases from the previous year, but is understandable in light of the increased number of sustained cases and the time devoted to complete them.

## **V. CASE MANAGEMENT**

The investigator caseload as of June 30, 2010, shows significant increase over the same period in 2009. This increase is attributable to greater time needed by investigators and attorneys to process sustained cases. The average caseload as of September 30, 2010, was 25 cases per investigator. As of June 30, 2009, the average caseload was 22 cases. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases. As previously mentioned, one of the three Senior Investigators began an extended leave during the third quarter and is not expected to return to work until the middle of the fourth quarter.

## **VI. MEDIATION**

At the beginning of 2010, the OCC Mediation Coordinator, Donna Salazar, was on an unexpected medical leave for seven weeks. OCC staff attempted to maintain the program during this period, but unfortunately was unable to conduct any mediations. The Mediation Coordinator returned to work in late February. In the second quarter 12 mediations were conducted compared to 23 in 2009. As of June 30, 2010, 17 mediations were conducted compared to 39 by June 30, 2009.

The OCC made progress in mediating a significant number of cases during the 2010 third quarter. Under the leadership of the OCC's Mediation Coordinator, Donna Salazar, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 24 cases in the third quarter of 2010. In the third quarter of 2009, the OCC mediated 22 cases. This represents an eight percent increase. To date OCC has mediated 41 cases in 2010 compared to 60 by the end of the third quarter in 2009.

During the first nine months of 2010 a total of 160 officers were considered for mediation. Of those officers, 40, or 25% were ineligible. Of the remaining officers who were offered mediation, only three, or three percent declined to mediate. Of the 99 citizens offered mediation, 41 or 41% declined to mediate.

The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serving as an educational experience for all participants.

## **VII. OUTREACH**

The OCC's Community Outreach Program seeks to improve public and police understanding of the OCC's services, goals, and accomplishments. By using a community based approach, the OCC works with leaders, advocates and organizations to educate the public about its services. Through presentations, widely distributed written materials and the OCC website, the OCC aims to increase the public's understanding of civilian oversight and the active role the public can play in making the OCC and community policing successful. Through its outreach efforts, the OCC seeks to strengthen its relationships with communities historically and statistically likely to have encounters with the police.

During the third quarter of 2010, the OCC was engaged in the following outreach activities:

Executive Director Joyce Hicks made presentations on SFPD's general orders prohibiting biased policing and police interactions with juveniles to the Piedmont Police Department and the Piedmont Appreciating Diversity Committee. The San Francisco Bay Guardian interviewed the Director for its August 10, 2010 article about SFPD's disciplinary system.

In August, Chief Investigator Charles Gallman gave a presentation about the OCC's functions to the 228th SFPD Academy class. The class was comprised of 12 lateral officers.

In September, Director Hicks and Policy Analyst Samara Marion participated in a press conference announcing the publication of a Know Your Rights for Youth brochure. The press conference was moderated by Commissioner Angela Chan. The event was broadcast by several radio stations, Channel 29, and was also covered in Chinese newspapers.

In August, the OCC developed a Public Service Announcement that was translated into Spanish and Cantonese and distributed to numerous media outlets including the Department of Elections (for possible inclusion in the voter guide), KCBS, SFGTV, and various other ethnic media organizations.

During the third quarter, OCC Attorney Ines Vargas Fraenkel was interviewed in a live radio broadcast about the functions of the OCC by a Spanish radio broadcaster.

Investigator Helen Calderon made a presentation to the 24<sup>th</sup> Street Merchants Association. OCC staff members additionally met with representatives from Hastings College of the Law, staff representatives from JAMs and law enforcement delegates from Argentina and England.

Policy Analyst Samara Marion offered a presentation on the functions of OCC to the San Francisco Public Defenders Office and was interviewed by a Sacramento Police Department member who is a graduate student from Sacramento State University.

OCC Mediation Coordinator Donna Salazar staffed informational tables at the Bayview/Hunters Point 6<sup>th</sup> Annual Back to School Celebration, the Tenderloin Resource Fair and the Project Homeless Connect in Golden Gate Park.

Policy Analyst Samara Marion developed a panel presentation, Policy Matters: Lessons from the Trenches, for the NACOLE annual training conference which was held in Seattle in September. The panel included Ms. Marion, Pierce Murphy, a former Menlo Park police officer and currently the City of Boise Community/Police Ombudsman and Kevin Brosseau, a former Royal Canadian Mounted Police Officer and currently the Senior Director, Operations, at the Commission for Public Complaints Against the Royal Canadian Mounted Police. The OCC Director moderated the panel.

Investigator Jayson Wechter, who is also a NACOLE board member, participated on and moderated a panel at the NACOLE training conference, Basic Investigative Skills for Civilian Oversight practitioners. The panel included Gareth Jones, Director, Special Ombudsman Response Team, Toronto, Ontario and Keisha Taylor, Chief Investigator, Office of Police Complaints, Washington, D.C. Investigator Wechter also moderated a panel, How to Assess the Quality of an Investigation. The panel included Merrick Bobb, the Executive Director and founder of the Police Assessment Resource Center and Andre Marin, Ombudsman of Ontario, Toronto, Ontario.

The OCC continued to supply brochures and other materials in multiple languages to police stations, community centers, and groups representing various demographic groups in the City.

## VIII. POLICY ANALYSIS

During the third quarter of 2010 the Office of Citizen Complaints made recommendations to enhance the SFPD's response to mental health crisis calls and continued its steadfast work in the areas of juvenile policing practices.

Building upon its earlier mental health response recommendations<sup>1</sup>, the OCC provided the SFPD a detailed report that recommends revising SFPD's approach to mentally ill individuals in crisis so that they are provided the same degree of specialized law enforcement expertise and critical response resources that are accorded to other high risk policing encounters. OCC recommended that the SFPD:

- Develop a specialized police unit that is trained and deployed to respond to incidents involving mentally ill persons in crisis.
- Appoint a member of the SFPD Command Staff to work with the OCC, stakeholders and subject matter experts to develop the department's policies and procedures for police interactions with mentally ill persons in crisis, including the department's philosophy statement, specialized police mental health response unit, data collection, training curriculum, and revisions to Department General Orders.
- Expand the SFPD's current Police Crisis Intervention training to include tactical strategies for encounters with mentally ill persons who have a bladed weapon.
- Design roll call, advanced officer and field training that assist officers in formulating sound tactical plans when interacting with mentally ill individuals, especially involving individuals who may have a bladed weapon.
- Improve field supervision so sergeants effectively assume their role as supervisors, including devising—whenever feasible—sound tactical and strategic plans before actions are taken, which direct the actions of involved officers.
- Revise Department General Orders 8.02 (Hostage and Barricaded Suspect Incidents), 8.01 (Critical Incidents) and 6.14 (Psychological Evaluation of Adults) to include the department's philosophy and procedures for handling encounters with mentally ill persons in crisis, including mentally ill barricaded individuals.

---

<sup>1</sup>See OCC's recommendations in SFPD's 2010 Officer Involved Shooting Study <http://sf-police.org/Modules/ShowDocument.aspx?documentid=24139>.

- Design a data collection system to review and evaluate mental health crisis calls and SFPD's responses to such incidents.

The OCC also advanced significant aspects of its juvenile policing recommendations during this third quarter. As briefly mentioned in this report's outreach section, in conjunction with several community organizations and the San Francisco Police Department, the OCC held a joint press conference to announce the release of a "Know Your Rights" brochure for youth. The brochure has been translated into five languages. It explains youth's rights and responsibilities under the Department's new juvenile policing protocols. The press conference was moderated by Commissioner Angela Chan. In addition to OCC Executive Director Joyce Hicks, press conference speakers included George Gascón (SFPD Chief of Police), David Lazar (SFPD Investigations Bureau Commander), Denise Coleman (Director of Juvenile Justice Programs at Huckleberry Youth Programs), Ron Stueckle (Sunset Youth Services and Juvenile Justice Providers Association), Paul Henderson (Assistant District Attorney), and Tiara Hewitt (San Francisco Youth Commissioner).

SFPD released an officer's quick reference guide to Department General Order 7.01, a resource developed in partnership with the OCC and community organizations. Throughout the quarter, the OCC continued to meet regularly with the Department and juvenile justice groups to design roll call training on police interactions with youth that will be presented to training sergeants at the end of the month.

Lastly, during this third quarter, the OCC made recommendations to SFPD to enhance the Department's Hate Crime resources and public outreach. The Department is currently implementing several of these recommendations.

## IX. CONCLUSION

The OCC ended the third quarter of 2010 with 25% less investigative staff than the third quarter of 2009 due to budget reductions and leaves of absence. This has resulted in higher case loads and case resolution delays; however, the OCC remains committed to its mission of promptly, fairly and impartially investigating citizen complaints of police misconduct or failure to perform a duty and providing policy recommendations on police policies and practices to improve community/police relations.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

Re: Office of Citizen Complaints 2011 First Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2011 first quarter. The OCC received 188 complaints of police misconduct or failure to take action and closed 218 complaints this first quarter. It sustained allegations of misconduct or failure to take action in 16 complaints against San Francisco Police officers which is a 7% sustained rate. The OCC mediated 18 cases which is an 8% mediation rate.

## II. ORGANIZATIONAL AND BUDGET MATTERS

The OCC experienced a period of organizational contraction during the first quarter of 2011. One journey level investigator (8124) resigned effective February 1, 2011 reducing the number of filled 8124 positions to 14, one less than is required by City Charter based on San Francisco Police Department staffing levels. Additionally, during the first quarter, two 8124 investigators began extended three month leaves through May and June, respectively. This left the OCC with 12 journey level investigators to each handle an average of five new cases a month.

Finally on February 22, 2011, in compliance with City budget directives, the OCC submitted its proposed budget to the Mayor and Controller with a total of 20% in budget reductions including two vacant journey 8124 investigator positions, two filled clerical positions and one filled attorney position. The OCC reported that should all five of these positions be taken, nearly 15% of the OCC's staff would be eliminated and three employees would lose their jobs. The OCC stressed that the reduction of the investigator positions would cause increased caseloads, which could lead to lower productivity and more delays. The OCC also stressed that the reduction of an attorney

position would necessitate the elimination of the mediation program, and leave the outreach work without a coordinator. The elimination of the mediation program would prevent the OCC from facilitating meaningful conversations between complainants and police officers in 8% of the cases the OCC closes. Moreover, without the mediation program, those cases would go back to the investigators' inventory and increase the investigators' caseloads. Finally, the OCC indicated that the reduction of the clerical staff by one third would greatly hamper the office's ability to comply with legal mandates of document production and timely processing complaints and investigations.

### III. INVESTIGATION OF CASES

As of the end of the 2011 first quarter, the OCC opened 188 new cases, and closed 218 cases. During this quarter, the OCC closed 30 more cases than it opened. The OCC closed the quarter with 396 pending cases which is one less pending case than the close of the first quarter in 2010. By the end of the 2011 first quarter there were 247 pending cases from 2010 and 149 pending cases from 2011.

While the investigative staff saw its ranks diminishing once again toward the end of the first quarter, it demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially, with a determined effort. Of the 218 cases closed, 61% of them were closed within nine months and 5% of them (10 cases) took more than a year to close. The nine of the ten cases that took more than one year to close had no sustainable allegations. The statute of limitations is tolled on the one sustainable case that took more than one year to close because of an ongoing criminal investigation. The continuing impact of four experienced investigators on extended leaves of absence, two in 2010 and two in 2011, and the resignation of two investigators in December and January had an impact on timeliness of investigations.

In spite of the challenge of understaffing, the rate of sustained cases remained constant in the first quarter of 2011, with the first quarter 2010 7% sustained rate. In the first quarter of 2011 the OCC sustained allegations in 16 cases which are equal to the 16 cases with sustained allegations in the first quarter of 2010. The number of days to close sustained cases decreased for the first quarter of 2011 compared to the first quarter of 2010. In the first quarter of 2011, 12% of sustained cases were completed within nine months and one sustained case was completed more than 365 days after receipt, while during the same period in 2010, only 6% of the sustained cases were completed within nine months. The one-year statute of limitations for the one sustained case which was completed after 365 days in the first quarter of 2011 has been tolled while a criminal investigation is pending pursuant to Government Code section 3304, section (d), subsection (1).

The impediments to prompt completion of sustained cases are attributable to at least four factors: 1) increased number of sustained cases in 2010 and 2011, 2) decreasing number of investigators (12 at the close of the first quarter in 2011 compared to 17 at the close of the first quarter in 2010), 3) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews and 4) increased policy work for policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews.

There were sustained allegations of neglect of duty in 10 of the 16 sustained complaints. Five of these complaints with sustained neglect of duty allegations, or 31% of them, were for failure to collect traffic stop data. The neglect of duty sustained allegations in these five complaints are as troubling as they were in previous quarters because the allegations were sustained because an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer in the case of motorcycle officers. Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.<sup>1</sup>

Additional categories for which allegations were sustained include:

1. Unnecessary force.
2. Conduct reflecting discredit for:
  - a. Misrepresentation in an incident report,
  - b. Smashing a bottle in the street, and
  - c. Harsh, demeaning and profane language.
3. Unwarranted action for:
  - a. Pat searching,
  - b. Confiscating a driver's license and
  - c. Interfering with the rights of onlookers.
4. Neglect of duty for:
  - a. Violation of the juvenile protocols (Department General Order 7.10),
  - b. Violation of the language access policy for limited English, proficient individuals (Department General Order 5.20),
  - c. Failing to prepare an incident report in an incident involving injuries,
  - d. Failing to remain in radio contact and
  - e. Leaving a magazine with live ammunition at a residence which was the scene of a police operation.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2011 first quarter, staff had completed intake in all but one 2010 case and had closed 71% of the 2010 cases, leaving 29% of the 2010 cases pending. Intake on the one 2010 case will be completed during the second quarter. Intake was delayed while jurisdictional questions were resolved. In comparison to 2010, by the end of the 2010 first quarter, staff had completed intake on all 2009 cases, and had closed 80% of the 2009 cases, leaving 20% of the 2009 cases pending. While during the first quarter of 2011 there was some slippage in the number of pending cases from the previous year, it is understandable in light of the number of sustained cases, the time devoted to complete them and the number of investigators, 12 in 2011 compared to 17 in 2010, by the end of the first quarter.

#### **V. CASE MANAGEMENT**

The investigator caseload as of March 31, 2011 shows significant increase over the same period in 2010. This increase is attributable to a significant decrease in the number of journey level investigators, 12 at the close of the first quarter in 2011 and 17 at the close of the first quarter in 2010. The average caseload as of March 31, 2011 was 27 cases per investigator. As of March 31, 2010, the average caseload was 24 cases. In its 2007 audit of the OCC's operations, the City Controller concluded that an average of 16 cases was a best practices caseload for investigators of police misconduct or neglect of duty. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. MEDIATION**

During the first quarter of 2011, the OCC mediated eighteen cases compared to five cases in 2010 when Donna Salazar, the Mediation Coordinator was on an unexpected leave for seven weeks. In the first quarter of 2009 the OCC Mediated sixteen cases. A mediation rate of 8% of all closed cases represents the work of one full time investigator.

In February, the Mediation Coordinator addressed a class at Community Boards mediation training. In early March, the Mediation and Outreach Coordinator attended the Alternative Dispute Resolution of Northern California conference.

The Mediation Program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

## **VII. OUTREACH**

During the first quarter of 2011, the OCC conducted most of its outreach work through the work of its Mediation and Outreach Coordinator, Donna Salazar, and its Policy Analyst, Samara Marion, whose projects are more particularly described in sections VI and VIII of this report, respectively. As mentioned in Section VI, the Mediation and Outreach Coordinator attended the Alternative Dispute Resolution of Northern California conference and Community Boards training. Ms. Salazar's connections with the mediation community provide a wealth of volunteer mediators, for OCC mediations. These mediators provide pro bono services to the OCC, when in other jurisdictions, such as Washington DC, the mediators are paid for their services.

The Policy Analyst's outreach work included the Crisis Intervention Team project -- establishment of SFPD crisis intervention teams through a collaborative process with mental health professionals and other stakeholders and the Juvenile Protocols project -- implementation of Department General Order 7.01.

Additionally, the OCC Director made a presentation about the OCC's services during the Police Commission meeting held in the Northern District at Claire Lilienthal Elementary School in January.

Also, the OCC staffed informational tables at one Operation Homeless Connect event and the Family Summer Resource Fair hosted by the City's Department of Children, Youth and Families.

When the OCC has a full complement of investigators, the OCC will dedicate more investigators to its outreach efforts.

## **VIII. POLICY ANALYSIS**

The OCC's policy work is an essential aspect of its mission. The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services. Attorney and policy analyst Samara Marion leads the OCC's policy work. During the first quarter 2011, the OCC advanced its policy work in three areas: police response to mental health crisis calls, restrictions on shooting at vehicles, and police procedures for interactions with juveniles

The OCC began 2011 by vigorously working to implement a Crisis Intervention Team (CIT) program for police response to mental health crisis calls. Developed by the Memphis Police Department in 1988, CIT is a community and law enforcement partnership in which specially trained crisis intervention police officers who maintain their regular patrol duties are dispatched as first responders to mental health crisis calls. As a participant in SFPD's 2009 Officer-Involved Shooting (OIS) Study, the OCC recommended that the Police Department implement the CIT program because one-third of the OIS shootings had involved mentally ill individuals.<sup>2</sup> In January 2011, Interim Police Chief Jeffrey Godown sent three officers and the OCC policy analyst to Memphis to meet with CIT founders Major Sam Cochran and Dr. Randolph Dupont. This trip provided an opportunity to observe firsthand the partnership between the Memphis Police Department's CIT officers, the 911 dispatchers, mental health providers, mental health consumers, and community advocates. It also enabled the OCC to learn more about the success of the Memphis CIT program including the reduction of officer injuries, improved continuity of care for mentally ill persons, and a lower rate of re-arrest among those diverted from the jail to Psychiatric Emergency Services.<sup>3</sup>

During the weeks following this trip, the OCC worked with the Police Commission and the Police Department to bring together a team of mental health professionals, community advocates, and city agencies to spearhead the CIT program. On February 9, 2011, after several hours of testimony from the OCC, mental health professionals, and community advocates, including presentations from CIT Memphis founder Major Cochran and Dr. Dupont, the Police Commission unanimously voted to implement the CIT program. Shortly thereafter, Police Commissioner Angela Chan and the OCC organized a team of fifteen representatives including mental health providers, mental health advocates and law enforcement for a two-day CIT strategy session with Major Cochran and Dr. Dupont in Memphis. As a member of the CIT working group, the OCC is assisting in the development of the 40-hour CIT training, tackling the challenges of 911 coordination, and networking with CIT experts and resources on the West Coast.

The OCC successfully concluded one of its policy projects with the recent adoption of Department General Order 5.02 revisions that restrict shooting at vehicles. As a participant in SFPD's Officer-Involved Shooting study, in 2009 the OCC recommended that the Police Department restrict its shooting at vehicles policy in the same manner that police departments in major cities such as New York, Los Angeles,

Chicago and Boston had.<sup>4</sup> The OCC also recommended that the new policy explain the inherent dangers and ineffectiveness of shooting at a moving vehicle. During the first quarter, the OCC and the Department reached consensus on restrictions shooting at vehicles that are consistent with best practices. The Police Commission adopted these restrictions on March 16, 2011. The Police Department has agreed to provide training that emphasizes that officers shall not intentionally place themselves in harm's way by standing or moving in front of a moving vehicle, standing directly behind a moving vehicle, or reaching inside an operating vehicle. This training will also explain that the prohibitions exist because moving to cover, repositioning, and/or waiting for backup to gain and maintain a superior tactical advantage maximizes officer and public safety and minimizes the necessity for using deadly force.

The OCC continues to hold frequent meetings with the Police Department and juvenile justice advocates to finish implementing Department General Order 7.01, the new juvenile-policing protocols. In March the Department began roll call training on these new juvenile-policing procedures that the OCC had co-authored during the fall 2010. The OCC continues to urge the Department to prioritize the completion of the police interview room at the Community Referral and Assessment Center to ensure that officers have the necessary resources to comply with their obligation to avoid bringing juveniles to district stations.

## IX. CONCLUSION

As in the past four years, the OCC faces severe budget and staffing constraints in the upcoming year which could result in additional case resolution delays, however, the OCC will remain committed to its mission to promptly, fairly and impartially investigate civilian complaints of police misconduct or failure to perform a duty.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints

## Policy Recommendations – First Quarter 2011

Case No.	Policy Issue	Policy Recommendation
0277-10	An officer initiated a Department of Motor Vehicles procedure that requires an individual be retested for competency to drive but the Department could not locate the records of the request.	The Department could not locate the Department's copy of the DMV Notice of Priority Re-Examination the officer reportedly provided the driver and had no record of how and when the notice was delivered to the driver. The OCC recommends that the Department institute a record-keeping process when it issues a Notice of Priority Re-Examination of Driver to demonstrate compliance with SFPD's statutory notice requirements.
0243-10	Responding to the complainant's 911 call to report a crime, the officers stated that the complainant could and should speak English.	In this case, the dispatcher used a language line interpreter to take the reportee's call. SFPD does not have a protocol that informs assigned officers that the reportee speaks a language other than English. The OCC recommends that SFPD enhance its protocol with the Department of Emergency Management, so that the language of the 911 caller (other than English) is immediately conveyed to the responding officers. The OCC also recommends that SFPD's language access training include that an interpreter's assistance to a 911 call (or the dispatcher speaking to the caller in a language other than English) is an affirmative indication that the assigned officers need to plan for and provide language assistance at the scene.
0274-10	An officer arrested the complainant for possession of concentrated cannabis. The complainant had a valid medical marijuana card.	The OCC recommends that SFPD follow California Attorney General Opinion No.03-41 that concluded that concentrated cannabis or hashish is included within the meaning of "marijuana" as that term is used in the Compassionate Use of Act of 1996 (Medical Marijuana Act).

## Policy Recommendations – First Quarter 2011

Case No.	Policy Issue	Policy Recommendation
0172-10	An officer shot one of two dogs that were fighting.	The OCC recommends that SFPD implement the OCC's 2003 recommendations concerning assessing and controlling vicious and dangerous dogs. In 2003, in consultation with SFPD, the OCC obtained Animal Care and Control's (ACA) agreement to provide officer training on the detection and handling of dangerous canines, equip patrol cars with leashes and work with the Department to establish written procedures between ACA and SFPD. SFPD has never formally agreed to or disagreed with the OCC's recommendations.
0008-10 0009-10 0010-10 0081-10 0082-10	Complainants, parents of homicide victims, stated that they had not been kept apprised of the status of their child's case.	The OCC recommends that SFPD either ensure compliance with Homicide Unit Order 03-07 that requires homicide inspectors to communicate with homicide families once a month during the first year and twice yearly thereafter without exception or re-assign the responsibilities of Unit Order 03-07—including monthly contact with the homicide victim's family—to another division within the Department.
0922-09	With the supervisor's permission, the officer used his supervisor's patrol star because he had left his own patrol star at home.	The Department General Orders allow for the loaning of equipment. However, it does not impose any documentation requirement when this occurs. The OCC recommends that Department General Order 10.02 be amended to require officers to document their use of another officer's uniform and/or equipment.

## Policy Recommendations – First Quarter 2011

Case No.	Policy Issue	Policy Recommendation
1019-09	The officer did not issue a Notification of Tow Hearing to a complainant whose car was towed during a robbery investigation.	The OCC recommends that the Department clarify its obligations to provide notification of a tow hearing when a vehicle is towed for a criminal investigation.
0166-10	During an undercover buy-bust operation, the officer touched an intimate part of the complainant's body when she suggested that he do so to prove he was not an officer.	The OCC recommends that the Department develop written training materials (similar to those already developed for Vice) that instruct officers how to maintain their undercover status while enabling officers to avoid illegal conduct or intimate contact with a subject's body. The OCC also recommends that officers be required to document in an incident report any illegal or inappropriate conduct that an officer has to engage in to maintain the officer's undercover status.
0175-10	An officer, using another officer's identification number, improperly used the California Law Enforcement Telecommunications System (CLETS).	Currently, only one officer can be physically logged onto CLETS in a patrol vehicle's mobile video terminal (MVT). The Department allows multiple officers in the same vehicle to use the MVT without changing the identification number of the original officer who logged onto the MVT. Because this practice can allow CLETS system abuse as in this case, the OCC recommends the Department revise its policy to provide better security and accountability.

Re: Office of Citizen Complaints 2011 Second Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2011 second quarter. The OCC received 230 complaints of police misconduct or failure to take action and closed 203 complaints this second quarter. It sustained allegations of misconduct or failure to take action in 20 complaints against San Francisco Police officers which is a 10% sustained rate. The OCC facilitated the mediation of 15 cases which is a 7% mediation rate.

## II. ORGANIZATIONAL AND BUDGET MATTERS

As with the first quarter, the OCC continued to experience a period of organizational contraction during the second quarter of 2011. The second quarter ended with only 13 journey level investigators each to each handle an average of six new cases a month.

On the budget front, the Mayor's proposed budget was submitted to the Board of Supervisors with no reductions to the OCC budget and the OCC continued its hiring process to fill its three vacant investigator positions.

## III. INVESTIGATION OF CASES

As of the end of the 2011 second quarter, the OCC opened 418 new cases. In comparison, these 418 cases represent a 12% reduction against cases opened by the end of the 2010 second quarter when the OCC opened 475 cases. By the end of the

second quarter of 2011, the OCC had closed 417 cases while by the end of the second quarter 2010; the OCC had closed 435 cases. The OCC closed the second quarter of 2011 with 427 pending cases; seven more pending cases than the close of the second quarter in 2010. By the end of the 2011 second quarter there were 118 pending cases from 2010 and 309 pending cases from 2011.

While the investigative staff saw its ranks diminishing once again toward the end of the second quarter, it demonstrated its commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially, with a determined effort. Of the 203 cases closed, 66% of them were closed within nine months and 4% of them (nine cases) took more than a year to close. The nine cases that took more than one year to close had no sustainable allegations. The continuing impact of two experienced investigators on extended leaves of absence, and two additional investigator vacancies affected the timeliness of investigations.

In spite of the challenge of understaffing, the rate of sustained cases increased in the second quarter of 2011 to 10% over the sustained rate in the second quarter of 2010 when it was 7%. In the second quarter of 2011, the OCC sustained allegations in 20 cases while it sustained allegations in 21 cases in the second quarter of 2010. However, the OCC opened fewer cases through the second quarter of 2011; 418 versus 474 through the second quarter of 2010. Similarly, the OCC closed fewer cases through the second quarter of 2011; 417 versus 435 through the second quarter of 2010.

The number of days to close sustained cases increased for the second quarter of 2011 compared to the second quarter of 2010. In the second quarter of 2011, 30% of sustained cases were completed within nine months, while during the same period in 2010, 34% of the sustained cases were completed within nine months.

As with the first quarter of 2011, in the second quarter, the impediments to prompt completion of sustained cases were attributable to at least four factors: 1) increased number of sustained cases in 2010 and 2011, 2) decreasing number of investigators (13 at the close of the second quarter in 2011 compared to 14 at the close of the second quarter in 2010), 3) active trial calendars for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews and 4) increased policy work for policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews.

In the 20 complaints with sustained allegations in the second quarter of 2011, all of the allegations were for neglect of duty. In addition to neglect of duty for failure to collect traffic stop data, the allegations which were sustained included:

1. Giving the complainant the wrong citation number causing the complainant delays in resolving the citation.
2. Failure to document a use of force.
3. Failure to timely return complainant's identification.
4. Contacting Immigration and Customs Enforcement (ICE) during a traffic stop because the complainant was the subject of an ICE administrative warrant.
5. During a buy/bust operation, inaccurately identifying complainant as the possessor of drugs, leading to complainant's arrest and booking.
6. Imprecisely identifying the location which was the subject of a search warrant leading to the wrongful entry into complainant's home which included kicking in the door, officers pointing an M-16 at the complainant and his family, pinning the family to the ground and handcuffing them.
7. Failure to issue a public intoxication report to the complainant.
8. Failure to issue a certificate of release after handcuffing the complainant.
9. Failure to prepare a traffic collision report and a hit and run record after the complainant, a bicyclist, reported the incident and his injuries to the officer.
10. Failure to properly safeguard and process complainant's laptop by returning it to an individual who was not the owner.
11. Failure to properly process complainant's camera by not listing it on the property inventory and arrest record. Upon complainant's release from custody, the camera was missing.
12. Failure to comply with Department protocols for interacting with transgender person.
13. Failure to issue a certificate of release after the officer transported the complainant in the officer's patrol car from one location to another.
14. Failure to notify communications of an on-view traffic stop.
15. Failure to notify a juvenile's mother that her son, who had been arrested, was being transported by ambulance to the hospital

Seven of the complaints with sustained allegations or 35% of them, contained a sustained allegation for failure to collect traffic stop data. These allegations were sustained when an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle or at the station computer in the case of motorcycle officers. One officer had two complaints sustained in the second quarter of 2011 for failure to complete traffic stop data.

Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate data collection should a department determine that it will collect traffic stop data.<sup>1</sup> The Northeastern University Racial Profiling Data Collection Center cites several benefits of collecting stop data for both law enforcement and the community. The Center has found that collecting data about those who are stopped, searched, cited and arrested can<sup>2</sup>:

- Send a strong message to the community that the department is against racial profiling and that racial profiling is inconsistent with effective policing and equal protection
- Build trust and respect for the police in the communities they serve
- Provide departments with information about the types of stops being made by officers, the proportion of police time spent on high-discretion stops, and the results of such stops
- Help shape and develop training programs to educate officers about racial profiling and interactions with the community
- Enable the development of police and community dialogue to assess the quality and quantity of police-citizen encounters
- Allay community concerns about the activities of police
- Identify potential police misconduct and deter it, when implemented as part of a comprehensive early warning system
- Retain autonomous officer discretion and allow for flexible responses in different situations

#### IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT

By the end of the 2011 second quarter, staff had completed intake on all cases from the previous year and had closed 86% of the 2010 cases, leaving 14% of the 2010 cases pending. In comparison to 2010, by the end of the 2010 second quarter, staff had also completed intake on all cases from the previous year, and had closed 89% of the 2009 cases, leaving 11% of the 2009 cases pending. While during the second quarter of 2011 there was some slippage in the number of pending cases from the previous year, it is understandable in light of the number of sustained cases, the

time devoted to complete them and the number of investigators, 13 in 2011 compared to 14 in 2010, by the end of the second quarter.

## **V. CASE MANAGEMENT**

The investigator caseload as of June 20, 2011 shows significant increase over the same period in 2010. This increase is attributable to a decrease in the number of journey level investigators, 13 at the close of the second quarter in 2011 and 14 at the close of the second quarter in 2010 and extended leaves of absences of veteran investigators. The average caseload as of June 29, 2011 was 28 cases per investigator. As of March 31, 2010, the average caseload was 26 cases. In its 2007 audit of the OCC's operations, the City Controller concluded that an average of 16 cases was a best practices caseload for investigators of police misconduct or neglect of duty. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

## **VI. MEDIATION**

During the second quarter of 2011, the OCC facilitated the mediation of 15 cases compared to 12 cases in 2010. The OCC facilitated the mediation of 33 cases this year to date compared to 17 mediations in 2010 when the mediation coordinator was on an unanticipated leave of absence for seven weeks. The 15 cases mediated during the second quarter of 2011 represent more than the work of one full time investigator, as the investigators averaged 13 case closures during the 2011 second quarter.

During the first half of 2011 a total of 75 officers were considered for mediation. Of those officers, 11, or 15% were ineligible. Of the remaining officers who were offered mediation, only five, or 8% declined. Of 52 citizens offered mediation, 62% agreed to mediate.

The Mediation Program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

## VII. OUTREACH

During the second quarter of 2011, the OCC engaged in the following outreach activities:

The OCC made presentations to the San Francisco Police Commission at its meeting in the Ingleside District, the University of California at Berkeley Law School Women of Color Collective, the University of San Francisco Street Law Program, the San Francisco Police Academy, a San Francisco City College Juvenile Procedures class, the San Francisco City Academy, an Ingleside Station Community meeting and the Instituto Familiar de la Raza.

OCC staffed information booths at Operation Homeless Connect in the Bayview district, the Asian Heritage Fair, the Juneteenth Fair, the Juneteenth Kick Off, and The Sheriff's Department Resource Fair. The OCC met with a representative of the San Diego Citizen Review Board and the Domestic Violence Consortium. In June 2011 Executive Director Joyce M. Hicks was interviewed by reporters from the Oakland Tribune and the KGO News.

Brochures and complainant forms were provided to all ten police stations, the Ella Hill Hutch Community Center, the African Resource Center, the Buchanan YMCA, the OMI Family Resource Center, the Bayview Family Resource Center, Young Community Developers, the Third Street Youth Center, the John King Senior Center, Community Boards, the Bernal Neighborhood Center, and Horizons Unlimited

The OCC provided information about citizen/police mediations to representatives of the Austin Texas Office of the Police Monitor and the Kansas City Office of Community Complaints. OCC representatives also attended the Community Boards 35<sup>th</sup> Anniversary Gala.

Evaluations returned by organizations after OCC presentations indicate that 100% of the representatives of those organizations felt that the presentation met their expectations; the presenters were knowledgeable about their subject matter; and the materials distributed were substantive. Every evaluator stated they would ask the OCC to return and would recommend it to others.

## VIII. POLICY ANALYSIS

The OCC's policy work is an essential aspect of its mission. The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices that enhance police-community relations while ensuring effective police services. Attorney and policy analyst Samara Marion leads the OCC's policy work. During the second quarter 2011, the OCC advanced its policy work in two areas: police response to mental health crisis calls and police procedures for interactions with juveniles.

Throughout the second quarter, the OCC continued its participation as a member of the Crisis Intervention Team (CIT) working group to develop the 40-hour CIT training curriculum, address the challenges of 911-coordination, and gather resources from CIT experts in other jurisdictions. In May, the OCC's policy analyst attended California's third annual CIT conference in San Jose. This conference provided the OCC the opportunity to learn about other California CIT programs and meet several law enforcement officers and mental health providers who have spearheaded CIT programs in their cities.

As a member of the CIT curriculum subcommittee, the OCC met frequently with mental health providers and advocates to develop a CIT training curriculum. The proposed curriculum incorporates numerous case studies to enhance communication skills, de-escalation techniques, and tactical training for CIT officers who will be first responders to mental health crisis calls.

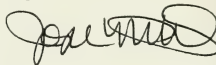

In May, the OCC policy analyst was a guest lecturer at a City College administration of justice course. Using Department General Order 7.01 (the Department's protocol for police-juvenile interactions) as the centerpiece, the class analyzed the issue of false confessions and debated whether safeguards tailored for juvenile suspects are necessary.

The OCC continued to meet frequently with the Police Department and juvenile justice advocates to finish implementing Department General Order 7.01. In April the Department provided the second of three roll call trainings on juvenile-policing procedures that the OCC had co-authored. The OCC continued to urge the Department to prioritize the completion of the police interview room at the Community Referral and Assessment Center to ensure that officers have the necessary resources to comply with their obligation to avoid bringing juveniles to district stations.

## IX. CONCLUSION

Although the OCC faced staffing constraints during the first half of 2011, the OCC remained committed to its mission to promptly, fairly and impartially investigate civilian complaints of police misconduct or failure to perform a duty. Moreover, during the third quarter, the OCC will fill investigator vacancies which should result in more timely completion of its investigations and reduced caseloads.

Respectfully submitted,

0419-10	Officer failed to collect traffic stop data.					
0670-10	Officer failed to collect traffic stop data.					
0553-10	Sergeant failed to document a use of force when complainant complained of pain in his neck and back which the complainant alleged resulted from being punched by officers. Another sergeant present said he saw no punches thrown.					
0445-10	Officer failed to timely return complainant's identification by leaving it in officer's uniform pocket.					

# Sustained Allegations - Second Quarter 2011

Case No.	Neglect of Duty	Unwarranted Action	Unnecessary Force	Conduct Reflecting Discredit	Discourtesy	Racial or Sexual Slur
0416-10	Officer failed to comply with DGO 5.15 by contacting Immigration and Customs Enforcement (ICE) about complainant who was stopped for not completely stopping his vehicle at a stop sign. The complainant was the subject of an administrative immigration warrant.					
0415-10	Officer failed to accurately identify complainant's actions in a buy bust operation, leading to complainant's arrest and booking. Complainant's attorney obtained a videotape of the operation and another individual performed the actions that were attributed to complainant in the incident report. The videotape documented that complainant did not have possession of or handle the suspected drugs.

## Policy Recommendations – Second Quarter 2011

Case No.	Policy Issue	Policy Recommendation
040b-10	An officer did not write an incident report when an individual reported that an aggressive dog had bitten another dog.	Department General Order 6.07 does not currently require an incident report when a dog bites a domestic animal (such as another dog, cat, horse, etc.). The OCC and SFPD have discussed revisions to DGO 6.07 that would require an incident report any time officers receive reports from the public of aggressive and/or a menacing behavior of dogs towards any human or domestic animal. This includes complaints of dog bites to humans, dog bites to domestic animals (dog, cat, horse, etc.), and dogs exhibiting menacing and/or aggressive behavior even though a bite has not occurred. The OCC recommends that the Department revise DGO 6.07 to include these revisions. Additionally, the OCC recommends that SFPD implement the OCC's 2003 recommendations concerning assessing and controlling vicious and dangerous dogs. In 2003, in consultation with SFPD, the OCC obtained Animal Care and Control's (ACA) agreement to provide officer training on the detection and handling of dangerous canines, equip patrol cars with leashes and work with the Department to establish written procedures between ACA and SFPD. SFPD has never formally responded to OCC's recommendations.

Re: Office of Citizen Complaints 2011 Third Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaints' statistical report for the 2011 third quarter. The OCC received 204 complaints of police misconduct or failure to take action and closed 202 complaints this third quarter. It sustained allegations of misconduct or failure to take action in 16 complaints against San Francisco police officers which is an 8% sustained rate. The OCC facilitated the mediation of 12 cases which is a 6% mediation rate.

## II. ORGANIZATIONAL AND BUDGET MATTERS

During the third quarter of 2011, the OCC hired three investigators, bringing the total number of journey level investigators to 15, just meeting the San Francisco Charter mandated minimum of one investigator for every 150 police officers.

The OCC's budget for 2011/2012 was approved with no reductions and also with one additional 8124 investigator position due to be funded October 1, 2011, the beginning of the fourth quarter 2011. The additional 8124 investigator position still does not take the OCC to its high of 17 investigator positions in 2009. The impact of fewer 8124 investigator positions, investigator vacancies due to a 12 day mandated furlough and medical leaves of absences continued to impact investigator productivity and lead to caseloads double of the size of best practices caseloads.

During the third quarter, the Controller's Audit division notified the OCC that it would conduct a second follow up audit to the findings it issued in its January 24,

2007 audit report. The OCC notified the Auditor it had addressed 38 of the 41 audit recommendations contained in the audit report. Of the three remaining recommendations 2, 10 and 42, the Auditor was advised that the OCC would implement them but for lack of financial resources.

**Recommendation number 2** requires that the OCC complete all its investigations within nine months or ten months at the latest. The OCC has endeavored to meet these goals but has never reached 100% compliance because of inadequate investigator staffing.

The OCC has been historically understaffed as observed in the Controller's audit which found as best practices 16 cases per investigator, yet OCC investigators have an average of 31 cases. In order to effectively reduce investigator caseloads, this office would need the following at the cost of nearly \$1,000,000.00:

- 1) Four 8124 journey level investigators
- 2) One 8126 supervising investigator
- 3) One 8177 attorney
- 4) One 1052 business analyst

**Recommendation number 10** provides for the OCC to install an automated tickler system for investigation deadlines. The cost of implementation is \$7,000.

**Recommendation number 42** provides for the OCC to allow online complaint filing. The cost of implementation is \$12,000.

During the third quarter, OCC completed its confidential investigators' procedures manual; began posting outreach events and Police Commission meetings on a calendar on its website, posted a document titled "Frequently Asked Questions by Officers" and it began distributing customer satisfaction surveys to complainants and officers at the conclusion of investigations.

### III. INVESTIGATION OF CASES

As of the end of the 2011 third quarter, the OCC opened 622 new cases. In comparison, these 622 cases represent a 6% reduction compared to cases opened by the end of the 2010 third quarter when the OCC opened 664 cases. By the end of the third quarter of 2011, the OCC had closed 618 cases while by the end of the third quarter 2010 the OCC had closed 648 cases. The OCC closed the third quarter of 2011 with 430 pending cases; 33 more pending cases than the close of the third quarter in 2010. By the end of the 2011 third quarter there were 19 pending cases from 2010 and 411 pending cases from 2011.

The investigative staff saw its ranks increasing toward the end of the third quarter with the addition of three new 8124 investigators. Even with the addition of three new investigators, the OCC was still understaffed in relation to the number of complaints received. Also, as with any new investigative staff, the ninety-day orientation process prevents assignment of a full caseload to investigator trainees.

The twelve fully trained investigators continued to demonstrate their commitment to the OCC's mission of investigating civilian complaints of police misconduct or neglect of duty promptly, fairly and impartially, with a determined effort. Of the 202 cases closed, 62% of them were closed within nine months and 5% of them (eleven cases) took more than a year to close. The eleven cases that took more than one year to close had no sustainable allegations. The continuing impact of two experienced investigators on extended leaves of absence and two additional investigator vacancies in the first and second quarters of 2011 affected the timeliness of investigations. Additionally, twelve mandatory furlough days in both budget years 2010/2011 and 2011/2012 impacted investigator productivity.

In spite of the challenge of understaffing, the rate of sustained cases in the third quarter of 2011 was 8% compared to the sustained rate in the third quarter of 2010 when it was 7%. In the third quarter of 2011, the OCC sustained allegations in 16 cases, the same number of sustained cases in the third quarter of 2010. However, the OCC opened fewer cases through the third quarter of 2011; 622 versus 664 through the third quarter of 2010. Similarly, the OCC closed fewer cases through the third quarter of 2011; 618 versus 648 through the third quarter of 2010.

The number of days to close sustained cases remained nearly the same for the third quarter of 2011 compared to the third quarter of 2010. In the third quarter of 2011, 32% of sustained cases were completed within nine months, while during the same period in 2010, 31% of the sustained cases were completed within nine months.

As with the first and second quarters of 2011, in the third quarter the impediments to prompt completion of sustained cases were attributable to at least five factors: 1) increased number of sustained cases in 2010 and 2011, 2) decreased number of investigators (12 at the close of the third quarter in 2011 compared to 14 at the close of the third quarter in 2010), 3) active trial calendars (Police Commission and Chief's hearings) for the two prosecuting attorneys who also serve as advice attorneys on sustained cases and sustainability reviews, 4) increased policy work for policy analyst attorney who also serves as an advice attorney on sustained cases and sustainability reviews and 5) mandatory 12 day furloughs in both fiscal years 2010/2011 and 2011/2012.

In the 16 complaints with sustained allegations in the third quarter of 2011, allegations included unwarranted action for detention, search and arrest, neglect of

duty, misrepresentation of the truth, conduct reflecting discredit and unnecessary force. Sustained allegations included:

1. Unwarranted action
  - a. Detention
  - b. Issuing an invalid order
  - c. Arrest
  - d. Search
  - e. Handcuffing
2. Unnecessary force
3. Conduct reflecting discredit
  - a. Inappropriate comments
  - b. Misuse of police authority
  - c. Sergeant's misrepresentation of the truth
4. Neglect of Duty
  - a. Failure to collect traffic stop data
  - b. Failure to advise on disposition of traffic offense – DGO 9.01
  - c. Failure to remain in constant radio contact – DGO 1.03
  - d. Failure to write a complete and accurate incident report
  - e. Sergeant's failure to issue a certificate of release after handcuffing – DGO 5.03 II A (3)
  - f. Failure to consult a supervisor regarding marijuana possession pursuant to Department Bulletin No. 09-295
  - g. Failure to write an incident report regarding a lengthy detention – DGO 5.03 Rule 2
  - h. Preparing an inaccurate investigative detention report
  - i. Failure to provide an interpreter for the complainant and to document that the complainant was limited English proficient – DGO 5.20
  - j. Sergeant's failure to supervise
5. Discourtesy
  - a. Rude yelling at a baseball game. Repeatedly using the "F" word.

Six of the complaints with sustained allegations or 38% of them, contained a sustained allegation for failure to collect traffic stop data. These allegations were sustained when an officer either failed to complete the worksheet for traffic stop data or to enter the information into the MDT in the patrol vehicle, or at the station computer in the case of motorcycle officers. The Police Department by correspondence dated August 24, 2011, questioned the efficacy of the OCC investigating police misconduct based on failure to collect traffic stop or failure to issue a certificate of release.

The August 24, 2011 SFPD memo suggested that the OCC is not the appropriate agency to investigate added allegations such as failure to issue a certificate of release or to collect traffic stop data, however, but for the OCC investigation, officers up through the rank of Commander may have continued to violate the Department's own policies regarding the same. Moreover, through our investigations we have been able to highlight confusion around an officer's duty to issue a certificate of release after handcuffing. Under a previous Police Chief's administration, during the course of OCC investigations of complaints arising from traffic stops, the OCC has had occasion to sustain a Commander for failure to collect traffic stop data and in another instance, discovered that a Captain had prepared a unit order exempting his entire unit from entering traffic stop data.

The Police Department characterizes the failure to report traffic stop data or to provide an individual a certificate of release as a "technical" or "administrative" violation. However, often this paperwork is the only documentation of an officer's interaction with an individual. Additionally, while the existence or lack of documentation may appear as a "technical" or "administrative" violation when viewed in isolation, similar to the Police Department's own Internal Affairs Division, the OCC reviews the evidence in its entirety before making factual findings for each allegation our agency investigates. Other police departments under negotiated settlement agreements and consent decrees have been roundly criticized and held accountable for failure to conduct thorough administrative investigations.

The Police Department's August 24, 2011 memo inaccurately suggested that the OCC's investigations in which the OCC added allegations of neglect of duty for failure to collect traffic stop data were focused exclusively on the traffic stop data allegation, had no nexus to the complainant's allegations, and could be more efficiently handled by the Department's Internal Affairs Division. First, in each OCC sustained case, the complainant alleged that during a traffic stop, an officer engaged in misconduct such as rude conduct, misrepresentation of the truth and failure to submit the citation to the court in a timely manner. Misconduct allegations during traffic stops investigated in prior quarters have included excessive force, unlawful arrest, profanity, threats, harassment, disparate treatment, biased policing due to a protected class, unlawful search, threatening behavior, and comments and failure to adhere to prisoner property procedures. Thus, OCC investigations do not focus on simply an added traffic stop data allegation but rather involve the entire interaction between the officer and the complainant, including allegations ranging from excessive force to profanity. Additionally, the traffic stop data collection allegation is intrinsically connected to the complainant's original allegation because both arose from the officer's actions and responsibilities during the traffic stop. Because the OCC added allegations are based on the same traffic stop that gave rise to the complainants' complaints, in most cases, an investigator would need to interview all of the witnesses and the named officer, gather all documents, and then analyze the evidence in its

entirety, in light of Department rules and practices to determine whether misconduct had occurred.

Finally, the Police Department's August 24, 2011 memo pointed out that because investigations may take several months, problematic behavior may go unchecked until commanding officers learn by way of sustained OCC complaints that their subordinates have failed to record traffic stop data. The OCC's weekly "morning reports" to the Police Department inform Commanders of the complaints and allegations OCC received in prior weeks. This weekly information in conjunction with the Department's awareness of inconsistency concerning traffic stop data collection and the issuance of certificates of release already enables the Department to conduct its own periodic audits to determine compliance levels and to determine whether remedial training is needed for its officers.

Dr. Lorie Fridell in her 2007 study on Fair and Impartial Policing in San Francisco discusses the importance of accurate and consistent data collection should a department determine that it will collect traffic stop data.<sup>1</sup> The Northeastern University Racial Profiling Data Collection Center cites several benefits of collecting stop data for both law enforcement and the community. The Center has found that collecting data about those who are stopped, searched, cited and arrested can<sup>2</sup>:

- Send a strong message to the community that the department is against racial profiling and that racial profiling is inconsistent with effective policing and equal protection
- Build trust and respect for the police in the communities they serve
- Provide departments with information about the types of stops being made by officers, the proportion of police time spent on high-discretion stops, and the results of such stops
- Help shape and develop training programs to educate officers about racial profiling and interactions with the community
- Enable the development of police and community dialogue to assess the quality and quantity of police-citizen encounters
- Allay community concerns about the activities of police
- Identify potential police misconduct and deter it, when implemented as part of a comprehensive early warning system
- Retain autonomous officer discretion and allow for flexible responses in different situations

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2011 third quarter, staff had completed intake on all cases from the previous year and had closed 98% of the 2010 cases, leaving 2% or 19 of the 2010 cases pending. In comparison to 2010, by the end of the 2010 third quarter, staff had also completed intake on all cases from the previous year, and had closed 97% of the 2009 cases, leaving 3% or 27 of the 2009 cases pending.

#### **V. CASE MANAGEMENT**

The investigator caseload as of September 30, 2011 shows significant increase over the same period in 2010. As of the close of the third quarter 2011, investigators had an average caseload of 31 cases while at the close of the third quarter 2010 investigators had an average caseload of 25 cases. As was previously stated, this increase is attributable to a decrease in the number of journey level investigators, 12 at the close of the third quarter in 2011 and 14 at the close of the third quarter in 2010 extended leaves of absences of veteran investigators and mandatory furloughs. In its 2007 audit of the OCC's operations, the City Controller concluded that an average of 16 cases was a best practices caseload for investigators of police misconduct or neglect of duty. As with previous quarters, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. MEDIATIONS**

During the third quarter of 2011 the OCC mediated 12 cases. While this was a fifty percent decrease from the 24 cases mediated in 2010, by the end of this third quarter, the 45 mediated cases year to date total exceeds that of 2010 by 4 cases, an increase of 9%. Moreover, the 12 cases mediated this third quarter represent 6% of cases closed or the work of one investigator who averaged 12 case closures this quarter.

During the third quarter of 2011 a total of 46 officers were considered for mediation. Of those officers, eight, or 17% were ineligible. Of the remaining officers who were offered mediation, only two, or 5% declined. Of 34 complainants offered mediation, 17 or 50% agreed to mediate.

The Mediation Program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint, as well as serves as an educational experience for all participants.

## VII. OUTREACH

The OCC's Community Outreach Program seeks to improve public and police understanding of the OCC's services, goals, and accomplishments. By using a community-based approach, the OCC works with leaders, advocates and organizations to educate the public about its services. Through presentations, widely distributed written materials and the OCC website, the OCC aims to increase the public's understanding of civilian oversight and the active role the public can play in making the OCC and community policing successful. Through its outreach efforts, the OCC seeks to strengthen its relationships with communities historically and statistically likely to have encounters with the police.

During the third quarter of 2011, the OCC engaged in the following outreach activities:

Executive Director Joyce M. Hicks made presentations at the Police Commission Community meetings in the Richmond and Mission Districts. The Director and Senior Investigator McMahon also visited Ingleside, Bayview, Tenderloin and Northern Stations for National Night Out.

In September, Director Hicks, Chief Trial Attorney Inés Vargas Fraenkel and Investigator Wechter attended the National Association of Civilian Oversight of Law Enforcement (NACOLE) conference. At the conference, Director Hicks also participated in a panel presentation of Police/Citizen mediation programs and Investigator Wechter participated in a program on best practices on reporting.

Chief Trial Attorney Inés Vargas Fraenkel gave a presentation about the services offered by the Office of Citizen Complaints to the Senior Action Network in July.

OCC Mediation Coordinator Donna Salazar met with representatives of the National Council on Crime and Delinquency to discuss the functions of the OCC and to explore future collaborations.

OCC personnel staffed informational tables at the Bayview/Hunters Point 7<sup>th</sup> Annual Back to School Celebration and the Tenderloin Resource Fair.

This year the OCC added three new informational venues when we staffed tables at the Black Family Day event in the Western Addition and the National Night Out events in the Bayview and Western Addition.

During the third quarter, OCC initiated the translation and production of information materials in Arabic.

The OCC continued to supply brochures and other materials in multiple languages to police stations, community centers, and groups representing various demographic groups in the City.

### **VIII. POLICY ANALYSIS**

Policy work is an essential aspect of the Office of Citizen Complaints' mission. The San Francisco City Charter requires the OCC to present quarterly recommendations concerning SFPD's policies or practices to enhance police-community relations while ensuring effective police services. Attorney and Policy - Analyst Samara Marion leads the OCC's policy work. During the third quarter of 2011, the OCC advanced its policy work in two areas: police response to mental health crisis calls, and police procedures for interactions with juveniles.

Throughout the third quarter, the OCC continued working with mental health providers and advocates, and the San Francisco Police Department to implement the Memphis-model Crisis Intervention Team (CIT) response to mental health crisis calls. As a member of the CIT curriculum subcommittee, the OCC helped to develop the CIT training curriculum, contact trainers, and consult with CIT experts in other jurisdictions. The proposed curriculum incorporates numerous case studies to enhance communication skills, de-escalation techniques, and tactical responses during mental health crisis calls. CIT officer selection and training will commence during the next quarter.

The OCC continued its regular meetings with the Police Department and juvenile justice advocates to finish implementing Department General Order 7.01. In July the Department provided the last roll call training in a three-part series on juvenile-policing procedures that the OCC had co-authored. This training focused on officers' responsibilities to provide language access assistance to Limited English Proficient juveniles and their parents or guardians, and to comply with the Department's parental notification, Miranda and interrogation procedures.

The OCC met with the Juvenile Probation Department, the Police Department, and the Youth Commission to advance progress on equipping an interview room at the Juvenile Justice Center for police use. The OCC and juvenile justice advocates also continued in their efforts to equip -an interview room at the Community Assessment and Referral Center. Interview rooms at both locations will enable officers to comply with their obligation to avoid bringing juveniles to the district stations, and to facilitate better access to services for juveniles and their families.

## IX. CONCLUSION

Although the OCC faced staffing constraints through the third quarter of 2011, the OCC remained committed to its mission to promptly, fairly and impartially investigate civilian complaints of police misconduct or failure to perform a duty. The OCC did fill three investigator vacancies at the end of the third quarter and the benefits of filling these three vacancies, plus the hiring of one additional investigator should result in more timely completion of OCC investigations and reduced caseloads by the beginning of the second quarter of 2012.

Respectfully submitted,

## Policy Recommendations – Third Quarter 2011

Case No.	Policy Issue	Policy Recommendation
0704-10	When investigating for use of force, a supervisory officer failed to maintain custody of photographic evidence relevant to the incident, causing the evidence to be lost, misplaced or stolen.	Although the Department has digital cameras and disks available for preserving photographic evidence, currently it does not have a system that requires the immediate and secure storage of such evidence. During an investigation for use of force, a supervisory officer ordered a station duty officer to photograph the complainant's injuries. The station duty officer preserved the photographs and on a single computer disk. No other disks were made of the photographs and the photographs were not stored on SFPD's computer server. The computer disk containing the photographs and a paper copy of the photographs were attached to the supervisory officer's memorandum concerning the incident. These items were placed in an unsecured location in the station for the Captain's review. When the OCC requested a copy of the photographs during its investigation, neither the disk, nor a hard copy of the photographs, could be located. The OCC recommends that the Department institute a protocol for the immediate and secure storage of photographic evidence and provide officer training on this protocol.
0723-10	The officer failed to follow proper procedures as required by DGO 5.20.	Department General Order DGO 5.20 requires the Department to take reasonable steps to ensure timely and accurate communication with Limited English Proficient individuals. During an investigation in which a Spanish-speaking complainant requested assistance at SFPD's S.T.O.P. detail to obtain release of her vehicle, the OCC determined that none of the S.T.O.P. forms that explain drivers' obligations and procedures when their cars have been towed under the S.T.O.P. program had been translated into Spanish. The OCC recommends that these forms be translated into Spanish, Chinese, Tagalog, Russian and Vietnamese.
